Brad -

Please accept this email as NMOGA's support for Industry Comments submitted by member companies in reference to NMED's final report entitled Oil & Gas Greenhouse Emission Reductions. We specifically draw your attention to Section III of ConocoPhillips comments regarding "Methane Emission in Relation to Prohibition of Waste" and encourage you to strongly consider this information. Please let me know if there is anything else you need NMOGA to provide or if you have any questions.

Regards,
Stephanie
