Notification - NMED's 2014 Title V Greenhouse Gas Reporting Requirements and Guidance - DRAFT

Pursuant to 20.2.73 NMAC - Notice Of Intent And Emissions Inventory Requirements, Greenhouse Gas Emissions ("GHG") data for emissions year 2014 are required to be submitted to NMED from Title V sources subject to permit requirements under 20.2.70 NMAC.

The 2014 GHG emissions reporting procedures are at the following link:

http://www.nmenv.state.nm.us/aqb/GHG/ghgrr_index.html.

NMED requires sources subject to GHG reporting pursuant to 20.2.73 NMAC use one or more of the reporting options listed in Table 1.1.

If you have any questions regarding this notification or the referenced procedures, please contact Mike Schneider by email at mike.schneider@state.nm.us or by phone at (505) 476-4323.

Table 1.1: NMED GHG Reporting Options by Source Type

Source Type	Pollutants	Reporting Options
Title V Oil and Gas (Stationary Combustion)	CO_2 ,CH_4 & N_2O	• EPA GHG reports; or • EPA calculation methods, for combustion sources not subject to EPA reporting.
Title V Oil and Gas Vented and Equipment Leak (i.e. fugitive) Emissions	CO_2 & CH_4	• 40 CFR Part 98 Subpart W GHG emission reports for sources that are subject to those requirements; or • NMED 2014 procedures for Title V non-combustion sources at facilities not subject to 40 CFR Part 98 Subpart W.
Title V (non-oil and gas)	CO_2 & CH_4	• EPA GHG reports; • EPA methods applied to facilities not subject to EPA reporting; • NMED 2014 procedures; or • Best Available Data only for sources lacking quantification methods under EPA methods or NMED procedures.
