NOTICE

Premier Pellets, LLC announces its intent to apply to the New Mexico Environment Department for an air quality permit for the construction of its wood pellet manufacturing facility. The expected date of application submittal to the Air Quality Bureau is 29 January 2010. This notice is a requirement according to New Mexico air quality regulations.

The exact location for the proposed facility, known as Premier Pellets, LLC, will be at 49 Moon Valley Rd., Tularosa, NM 88352. The approximate location of this facility is 1 mile northeast of the intersection of Sun Valley Road and Highway 54/70 in Otero County.

The proposed construction consists of a wood pellet manufacturing facility that will use forest wood waste, small diameter logs and discarded yard and wood waste to manufacture wood pellets to be used in wood pellet stoves.

The estimated maximum quantities of any regulated air contaminants are given below. These emission estimates could change slightly during the course of the Department's review of the application.

Pollutant:	Pounds per hour	Tons per year
Total Suspended Particulates (TSP)	32.0 pph	95.0 tpy
PM_{10}	18.0 pph	67.0 tpy
$PM_{2.5}$	11.0 pph	47.0 tpy
Sulfur Dioxide (SO_2)	1.0 pph	3.0 tpy
Nitrogen Oxides (NO_x)	5.3 pph	23.0 tpy
Carbon Monoxide (CO)	4.1 pph	18.0 tpy
Volatile Organic Compounds (VOC)	0.5pph	2.0 tpy
Total sum of all Hazardous Air Pollutants (HAPs)	1.0 pph	1.0 tpy
Total sum of all Toxic Air Pollutants (TAPs)	1.0 pph	1.0 tpy

The estimated pollutant quantities include at least a 20% overestimate for everything except Particulate Matter and TSP; and the actual emissions are expected to be much lower than those given above. The standard operating schedule of the plant will be from 6 a.m. to 11 p.m., 7 days per week, and 52 weeks per year. The maximum operating schedule will be 17 hours per day, 7 days per week, and 52 weeks per year.

The owners and operators of the Facility are:
Bob Ewing, Billy Rodgers, Murray Mathews
Premier Pellets, LLC
49 Moon Valley Rd.
Tularosa, NM 88352

Fax: (505) 476-4375

AVISO

Premier Pellets, LLC anuncia su intención de solicitar ante el Departamento del Medio Ambiente de Nuevo México, un permiso relativo a la calidad del aire para la construcción de su planta de manufacturación de pellets de madera. La fecha prevista para la presentación de la solicitud ante la Oficina de Control de la Calidad del Aire (*Air Quality Bureau)* es 29 de enero de 2010. Este aviso es un requisito según el reglamento de Nuevo México para la calidad del aire.

La ubicación exacta de la planta propuesta, conocida como Premier Pellets, LLC, será 49 Moon Valley Rd., Tularosa, NM 88352. La ubicación aproximada de esta planta es 1 milla al noreste del cruce de Sun Valley Road y la Carretera 54/70, en el condado de Otero.

La construcción propuesta consiste en una planta de manufacturación de pellets de madera, que utilizará residuos de madera forestal, leños de diámetro pequeño y residuos desechados de jardín y de madera, para manufacturar pellets para uso en estufas de pellets de madera.

A continuación se detallan las cantidades máximas calculadas de los contaminantes del aire que están reglamentados. Estas cantidades calculadas de las emisiones podrían cambiar ligeramente en el transcurso de la revisión de la solicitud por el Departamento.

Contaminante:	Libras por hora (lph)	Toneladas por año (tpa)
Partículas Suspendidas Totales (PST)	32.0 lph	95.0 tpa
MP_{10}	18.0 lph	67.0 tpa
$MP_{2.5}$	11.0 lph	47.0 tpa
Dióxido de azufre (SO_2)	1.0 lph	3.0 tpa
Óxidos de nitrógeno (NO_x)	5.3 lph	23.0 tpa
Monóxido de carbono (CO)	4.1 lph	18.0 tpa
Compuestos Orgánicos Volátiles (COV)	0.5 lph	2.0 tpa
Suma total de todos los Contaminantes Peligrosos del Aire (CPA)	1.0 lph	1.0 tpa
Suma total de todos los Contaminantes Tóxicos del Aire (CTA)	1.0 lph	1.0 tpa

Las cantidades calculadas de contaminantes incluyen como mínimo un 20% en exceso para todos ellos, excepto para la Materia Particulada (MP) y para las Partículas Suspendidas Totales (PST), y se prevé que las emisiones reales serán mucho menores a las indicadas más arriba. El horario normal de funcionamiento de la planta será de 6 de la mañana a 11 de la noche, 7 días por semana y 52 semanas por año. El horario máximo de funcionamiento será de 17 horas por día, 7 días por semana y 52 semanas por año.

Los dueños y operadores de la Planta son:

Bob Ewing, Billy Rodgers, Murray Mathews
Premier Pellets, LLC
49 Moon Valley Rd.
Tularosa, NM 88352

NOTICE OF AIR QUALITY PERMIT APPLICATION

(Tularosa, NM) -- Premier Pellets, LLC announces its intent to apply to the New Mexico Environment Department for an air quality permit for the construction of its wood pellet manufacturing facility, to be located just south of Tularosa. The expected date of application submittal to the Air Quality Bureau is Jan 29, 2010.

The exact location for the proposed facility, known as Premier Pellets, LLC, is 49 Moon Valley Rd., Tularosa, NM 88352. The approximate location of this facility is 1 mile northeast of the intersection of Sun Valley Road and Highway 54/70 in Otero County.

The proposed construction consists of a wood pellet manufacturing facility that will use forest wood waste, small diameter logs and discarded yard and wood waste to manufacture wood pellets to be sold for use in wood pellet stoves.

The estimated maximum quantities of any regulated air contaminant have been calculated. These emission estimates could change slightly during the course of the Department's review of the application. Emissions estimates have been included in public notices posted at the following locations:

- Otero County Courthouse
- Tularosa City Hall
- Tularosa Post Office
- Alamogordo City Hall
- Premier Pellets, LLC facility entrance, at 49 Moon Valley Road

The owners and operators of the Facility are Bob Ewing, Billy Rodgers, and Murray Mathews.

Anyone with questions or comments about construction or operation of this facility should contact the Permit Program Manager in the Air Quality Bureau of the New Mexico Environment Department at (505) 476-4300.

This notice is a requirement according to New Mexico air quality regulations.
