Dear Mr. Kieling:

Subject: *Transmittal of Class 1 Permit Modification to the Contingency Plan of the Los Alamos National Laboratory Hazardous Waste Facility Permit*

Reference: 1.) Contract Number DE-AC52-06NA25396, Los Alamos National Security, LLC and the Department of Energy, National Nuclear Security Administration
2.) Section H *Special Contract Requirements*
3.) H-29 *Third Parties*

This letter transmits a Class 1 permit modification to the New Mexico Environment Department Hazardous Waste Bureau (NMED-HWB), for the National Nuclear Security Administration and Los Alamos National Security, LLC (NNSA/LANS). The permit modification makes changes to the list of emergency coordinators within the Attachment D Contingency Plan of the Los Alamos National Laboratory (LANL) Hazardous Waste Facility Permit. Table D-2 has been revised to remove a name of an emergency manager who will no longer be functioning in that capacity and add the name, address and phone numbers for a new emergency manager.

This modification has been prepared in accordance with the New Mexico Administrative Code, Title 20, Chapter 4, Part 1 (20.4.1.900 NMAC) (incorporating Code of Federal Regulations [CFR], Title 40 § 270.42(a)(1)), revised October 1, 2003. The attached permit modification package includes a revised Table D-2 for the LANL Hazardous Waste Facility Permit (LA-UR-08-05786). This revision changes the names, addresses, and phone numbers of coordinators or other persons or agencies identified in the plan, Item B.6.d as described in Appendix I to 20.4.1.900 NMAC (incorporating 40 CFR § 270.42). This modification does not change any emergency procedures or equipment at the LANL permitted container storage units. Changes made to the names, addresses, and phone numbers of coordinators are valid for interim status units as well as units included within the permit. This list was last updated December 8, 2007.

Modification of Table D-2 complies with 20.4.1.500 NMAC (incorporating 40 CFR § 264.52(d)). Notification of this modification will be sent to the NMED maintained LANL facility mailing list in accordance with 20.4.1.900 NMAC (incorporating 40 CFR § 270.42(a) (1) (ii)).

Included herein are three hard copies and one electronic copy of this submittal. The submittal includes a version with editing marks as well as a clean version of Table D-2.

If you have any comments or questions regarding this permit modification, please contact Gene Turner of my staff at (505) 667-5794 or Jack Ellvinger, LANS, at (505) 667-0633.

Sincerely,

Donald L. Winchell, Jr.
