Dear Ms. Kay:

The purpose of this letter is to transmit to the New Mexico Environment Department (NMED) the Los Alamos National Laboratory (LANL) Site Treatment Plan (STP) Fiscal Year 2008 Annual Update and to request approval of Revision 19.0 to the STP Compliance Plan (CP). The Annual Update has been prepared for the NMED by the Department of Energy (DOE) and Los Alamos National Security, LLC in accordance with the requirements of Section VII, "Annual Site Treatment Plan Updates," of the FFCO. The revision request has been prepared in accordance with the requirements of Section X.C.2, "Revisions," of the FFCO. The FFCO requires the submittal of the STP Annual Update by March 31st of each year.

At your direction, we have compiled the three components of the annual update (the Background Volume, the Proposed Revision, and the Compliance Plan Volume) into a single, continuously paginated document (Enclosure A). Part 1 of the new document contains the Background Volume, Part II contains updates to the Compliance Plan (Proposed Revision), and Part C contains the Compliance Plan Volume. The Certification Statement is provided as Enclosure B. The compact disk with the electronic documents is Enclosure C.

We are submitting the following items in this package:

2. One compact disk containing
 - One MS Word (ver. 2003) copy of the annual update (without redline)
 - One MS Word (ver. 2003) copy of the annual update (with redline)
