**RE: LIST OF DOCUMENTS SUBJECT TO STIPULATED PENALTIES UNDER THE  
MARCH 1, 2005 CONSENT ORDER FOR FEDERAL FISCAL YEAR 2010**

Dear Messrs. Gregory and McInroy:

On June 22, 2009, the New Mexico Environment Department (NMED) forwarded to the U.S. Department of Energy (DOE) and the Los Alamos National Security, L.L.C. (collectively, the "Permittees") a list of submittals proposed to be subject to stipulated penalties in federal fiscal year (FFY) 2010 under the March 1, 2005 Consent Order (Order). Section III.G.1 of the Order requires that the Permittees and NMED confer on the proposed stipulated penalties list for the upcoming FFY on or before June 30th.

In a letter dated July 9, 2008, the Permittees indicated an error with the submittal date for of one of the documents (Fourth Quarter Periodic Vapor Monitoring Report for MDA T) on the proposed list. The submittal date has been corrected. The Permittees also proposed replacing the MDA C Remedy Completion Report with other reports due in FFY 2010. NMED has considered the Permittees' proposal, and agrees to replace the MDA C Report with another submittal. However, NMED has instead replaced the Report with the Twomile Canyon Aggregate Area Investigation Work Plan, due January 31, 2010.

In accordance with Section III.G.1 of the Order, NMED hereby transmits the attached final list of documents subject to stipulated penalties for FFY 2010.

Messrs. Gregory and McInroy
