Dear Concerned Citizen:

This letter notifies you of a final permit decision by the New Mexico Environment Department (NMED) to modify Module IV of the Resource Conservation and Recovery Act (RCRA) Permit NM5890110518 for Sandia National Laboratories (SNL). SNL requested this modification on February 2, 2005. The modification consists of the approval of No Further Action (NFA) status for 27 Solid Waste Management Units (SWMUs) located at SNL in Albuquerque, New Mexico.

In accordance with 20.4.1.901 NMAC, NMED provided public notice and conducted a 60-day public comment period from March 20, 2006 through May 19, 2006, regarding this modification request. No comments were received from the public during the comment period.

The permit modification documents can be found on the NMED website at www.nmenv.state.nm.us/HWB/snlperm.html under No Further Action.

Sincerely,
