Dear Mr. Blaine

I am requesting an extension of the March 31, 2014 deadline approved by your office for the submission of the *Quarterly Pre-Remedy Monitoring and Site Investigation Report for October—December 2013* to April 30, 2014. This extension is necessary due to a safety incident which occurred on 11 December, 2013 at Kirtland AFB. The incident delayed collection of data for the Fourth Quarter CY 2013 and although the incident occurred on a separate project, CB&I Corporate Safety Procedures were to be followed. This resulted in a safety stand down on all deep-well sampling until the incident was evaluated. This request for extension will allow for the required validation and review of the delayed data to be completed.

Your assistance in granting this request will be appreciated. If you have any questions or concerns about this letter, please contact Mr. L. Wayne Bitner at (505) 853-3484 (ludie.bitner@us.af.mil) or Mrs. Victoria R. Branson at (505) 846-6362 (victoria.branson@us.af.mil).

Sincerely

TOM D. MILLER, Colonel USAF
Commander
