Dear Colonel Froehlich and Mr. Pike:

The New Mexico Environment Department (NMED) has received the U.S. Air Force's (Permittee) request for an additional extension to submit the *Quarterly Pre-Remedy Monitoring and Site Investigation Report for April – July 2015* from October 31, 2015 to November 30, 2015. In a letter dated October 20, 2015, the NMED approved an extension from the original submittal date of September 30, 2015 to October 31, 2015 due to a late start of groundwater sampling in Second Quarter 2015 to prevent interference with the SVE shutdown rebound and respiration test.

In the request for an additional extension, the Permittee cites finalization of the stand-alone executive summary for quarterly reports. This document is currently being finalized by the Air Force and NMED and should be included in the Second Quarter 2015 report.

Col. Froehlich and Mr. Pike
