New Mexico Environment Department (NMED)
1190 St. Francis Drive
Santa Fe, New Mexico 87502

Dear Mr. Blaine

On 4 June 2013 Kirtland Air Force Base (KAFB) submitted a letter report: "January 2013 and July 2012 Indoor Air Evaluation Sample Results" to the New Mexico Environment Department (NMED). This report was written in accordance with specifications in the Indoor Air Evaluation Work Plan, which was approved by NMED on 7 February 2012. KAFB is performing a risk assessment for the vapor intrusion pathway, which will evaluate indoor air sample results. The risk assessment will be submitted to NMED on 30 April 2014 as a stand-alone document.

Please contact Mr. L. Wayne Bitner at 505.853.3484 or ludie.bitner@us.af.mil or Ms. Victoria R. Branson at 505.846.6362 or victoria.branson@us.af.mil if you have any questions.

Sincerely

TOM D. MILLER, Colonel, USAF
Commander
