Subject: Please Withdrawn the Draft

Dear Ms. Roberts:

Re: The New Mexico Environment Department (NMED) draft version of a revised Consent Order

- This draft represents a big step backwards in achieving the goal of genuine, comprehensive cleanup of the Laboratory.
- The Environment Department should keep the current 2005 Consent Order with necessary revisions to the cleanup schedule.
- I request that the Environment Department withdraw this draft Consent Order.

"People say, what is the sense of our small effort? They cannot see that we must lay one brick at a time, take one step at a time. A pebble cast into a pond causes ripples that spread in all directions. Each one of our thoughts, words and deeds is like that. No one has a right to sit down and feel hopeless. There is too much work to do." -- [Dorothy Day](#)
