**RE: EXTENSION REQUEST FOR TOLUENE INVESTIGATION REPORT, MIXED
WASTE LANDFILL, MAY 21, 2010
SANDIA NATIONAL LABORATORIES, EPA ID# NM5890110518**

Dear Ms. Wagner and Dr. Walck:

The New Mexico Environment Department (NMED) has received the U. S. Department of Energy's May 21, 2010, request on behalf of itself and Sandia Corporation (collectively the Permittees) for a 30-day extension to submit the subject investigation report pertaining to the detection of toluene in groundwater samples from wells located at the Sandia National Laboratories Mixed Waste Landfill (MWL). The reason for the request is to allow additional time for analytical data to be received from the laboratory. The original due date for the report is July 31, 2010.

The NMED hereby grants the extension; the new due date for the Toluene Investigation Report is August 30, 2010.

Ms. Wagner and Dr. Walck
June 4, 2010
