John,  
Concerned Citizens for Nuclear Safety (CCNS) just received the July 12, 2007 "Notice of Extension of Public Comment Period and Opportunity to Request a Public Hearing on a draft Hazardous Waste Permit for Kirtland Air Force Base" in the mail at about 4:20 pm today, July 19th. The comment period ends in about 40 minutes.

The notice is postmarked July 17, 2007, which means that it was sent five days and three business days after it is dated.

Although CCNS is not going to provide comments to New Mexico Environment Department about this matter, we wonder if others received adequate notice to provide comments.
