RE: FINAL PERMIT DECISION: PETITIONS FOR NO FURTHER ACTION FOR SEVEN (7) SOLID WASTE MANAGEMENT UNITS/AREAS OF CONCERN PERSON GENERATING STATION NMT360010342

Dear Concerned Citizen:

This letter notifies you of a final permit decision by the New Mexico Environment Department (NMED) to modify Module IV of the Resource Conservation and Recovery Act (RCRA) Permit NMT 360010342 issued to the Public Service Company of New Mexico's Person Generating Station (PNM, the Permittee). The Permittee requested the permit modification requesting no further action in March 2003. The modification consists of the approval of No Further Action (NFA) status for seven (7) Solid Waste Management Units and Areas of Concern (SWMUs/AOCs) located at the PNM facility located in Albuquerque, New Mexico.

In accordance with 20.4.1.901 NMAC, NMED provided public notice and conducted a 45-day public comment period from May 13, 2005 through June 27, 2005, regarding this modification request. No comments were received from the public during the comment period.

The permit modification documents can be found on the NMED website at www.nmenv.state.nm.us/HWB/pnmperm.html under No Further Action.

If you have questions regarding this action, please contact Ms. Carolyn Cooper by telephone at (505) 845-5932.

Sincerely,
