**IGA'S CAFÉ 675 Downgraded for  
Health and Safety Violations**

Alamogordo IGA's Café 675 located at 675 Tenth Street in Alamogordo was inspected on November 14 and downgraded from an "Approved" status to "Unsatisfactory". The New Mexico Environment Department conducted the inspection on November 14 for compliance with the New Mexico Food Service and Food Processing Regulations. Due to violations found during the inspection, the food service establishment was downgraded. A red emblem is posted at each public entrance indicating the status. IGA's Café 675 may remain open while corrective actions are being taken. When corrections have been made and a re-inspection finds the food service establishment operating in compliance with the regulations, the status will be upgraded to "Approved", and the appropriate green emblem will be posted.
