**20 NMAC 7.1 *Drinking Water***

The New Mexico Environmental Improvement Board will hold a public hearing on June 14, 2002, to consider a request to repeal 20 NMAC 7.1 *Drinking Water* and replace it with 20.7.10 NMAC *Drinking Water*. The meeting will begin at 9:30 a.m. in the City/County Government Center, 9<sup>th</sup> floor Committee room, One Civic Plaza, Albuquerque, New Mexico. The proponent of this regulatory change is the New Mexico Environment Department.

Revisions to the Drinking Water regulations are proposed for the primary purpose of retaining state primacy for the Drinking Water Program. To this end, the proposed regulations at 20.7.10 NMAC incorporate by reference, with small modifications and exceptions, all of the federal regulations found in 40 CFR Parts 141, the National Primary Drinking Water Regulations, and 40 CFR Part 143, the National Secondary Drinking Water Regulations, promulgated through June 2002. The incorporated federal regulations will replace a large portion of the existing state regulations that, for the most part, are identical in form and substance to the federal regulations.

The proposed regulations may be reviewed during regular business hours at the office of the Environmental Improvement Board, Harold Runnels Building, 1190 St. Francis Drive, Room N-2150, Santa Fe, NM.
