**REQUEST FOR CONSULTATION SERVICES FORM**

The Consultation Section of New Mexico provides no cost consultation services to New Mexico employers upon request. Consultants assist employers in evaluating safety and health programs. Comprehensive consultations visits evaluate all aspects of an employer's safety and health program and provide guidance on incorporating safety and health management into their daily operations.

Your only obligation is a commitment to correcting serious job safety and health hazards in a timely manner. **You agree to make a commitment when returning this signed request form along with the last 3 years of your OSHA 300s and 300As.**

Please complete the following to request onsite consultation. This information will assist us in evaluating your request. Someone from the Consultation Section may contact you if additional information is needed.
