

Celebrating 40 Years of Accomplishments in the Workplace

In honor and support of OSHA's 40 years of achievement in creating safer workplaces, healthier workers, and a stronger America - The University of Texas at Arlington OSHA Education Center will offer several no-cost OSHA seminars.

Please visit our website at uta.edu/ded/osha for a full list of seminars. Below is an upcoming no-cost seminar to your area!

Quick Fact

In 1993 OSHA issued the Confined Space Safety standard. This standard prevents more than 50 deaths and more than 5,000 serious injuries annually.

OSHA's Permit-Required Confined Space Standard

Monday, August 22nd, 2011
Albuquerque, New Mexico

Course Description: This one-day course discusses the requirements of OSHA's permit-required confined space standard, 29 CFR 1910.146. It is designed for small employers or a designated representative (line supervisor or manager) with the responsibility to develop a permit space program. It covers OSHA's requirements but does not feature hand-on sections (instrumentation and control methods and testing) which are included in OSHA course #2264.
