PUBLIC INVOLVEMENT PLAN (PIP)

Air Quality Bureau Air Permit Application

Version P8.20.19

Date: December 4, 2019, updated March 10, 2021

Applicant: Harvest Four Corners, LLC

Facility Name: Decker Junction Central Delivery Point

Air Quality Permit Application Numbers: 1228-M4 (NSR) and P034-R4 (TV)

Location: Approximately 10 miles north-northeast of Aztec, New Mexico, San Juan County

Latitude: 36.967833°

Longitude: -107.917969°

1. Overview of Air Quality Bureau's plan of action for addressing the community's needs and concerns for processing Air Quality Permit Applications:

The New Mexico Environment Department (Department), Air Quality Bureau (AQB) developed this Public Involvement Plan (PIP) for the processing of air quality permit applications in accordance with the requirements at 20.2.72 NMAC (for 1228-M4) and at 20.2.70 NMAC (for P034-R4) for this facility. This air quality regulations do require public participation outreach throughout different stages of the permitting process. The AQB will meet the public participation requirements by following this PIP, which includes all applicable policy, regulatory and statutory public participation requirements.

In developing this PIP, community participation needs for this permitting action were assessed to ensure appropriate promotion of public outreach by identifying whether there is a combination of environmental and demographic factors (i.e., low income community, minority community, limited English proficiency individuals, Linguistically Isolated Households, etc.) that may impact public participation. This assessment identifies community outreach needs and provides for public access opportunities above and beyond statutorily mandated requirements, and underscores the provision of adequate public access to information about this permit application.

As much as possible, public participation and informational activities related to this permit application will be held within the regulatory timelines outlined below.

- a. AQB regulations at 20.2.72 NMAC (construction permits or new source review [NSR]) require that the application must be ruled complete or incomplete no more than 30 days after receipt, and that a public notice for this application must be published in a newspaper

of general circulation where the facility is located. See section 4.c below for more information.

and

AQB regulations at 20.2.70 NMAC (operating permits or Title V [TV]) require that the application must be ruled complete or incomplete no more than 60 days after receipt. The AQB will publish a public notice for this application in a newspaper of general circulation in the area closest to the location of the facility, when the draft permit is issued for comment. See section 4.c below for more information.

The public notice contains a paragraph in Spanish directing Spanish speaking interested parties to call the AQB at (505) 476-5557 to speak to Spanish speaking staff for additional information regarding this permitting action.

- b. Normally the AQB would provide a copy of the public notice, the air quality permit application, and this PIP to the Farmington NMED field office, but due to current Covid-19 access restrictions for protection of both public employees and the protection of the general public these materials are instead available on the NMED website (see section 2.a)
- c. AQB regulations require that the public notice be sent to interested parties maintained on a mailing list. See Section 4.b below for more information.
- d. AQB regulations require that the public notice be sent to the “appropriate agency” as defined at 20.2.72 NMAC and “affected programs” as defined at 20.2.70 NMAC. See Section 4.e below for more information.
- e. Public notice shall be followed by a 30-day public comment period that starts on the day that the notice is published in the newspaper. See Section 4.g below for details.
- f. AQB regulations require that the permit must be issued, issued subject to conditions, or denied within ninety (90) days for 1228-M4 (NSR) and within eighteen (18) months for P034-R4 (TV) after the department deems the application administratively complete.

2. Contact list of AQB staff with phone numbers and email addresses:

a. AQB contact for questions about this application or PIP (included in public notices and outreach materials):

James E. Nellessen
New Mexico Environment Department
Air Quality Bureau
525 Camino de los Marquez, Suite 1
Santa Fe, New Mexico, 87505
505-476-4315
james.nellessen@state.nm.us

Electronic copies will be available at the following link, which will be included in public notices and outreach materials as appropriate: https://www.env.nm.gov/air-quality/aqb-p_current_permitting_activites/

b. Non-English Language Speaker Assistance and Accommodations

The AQB may hold public meetings, open houses, stakeholder meetings, and/or a formal hearing depending on the interest in the application. Language assistance services may be arranged for translation of documents for meetings, for translators during meetings and for obtaining services for persons with disabilities. A phone-based interpretation service may be available for languages other than English.

3. Description of the community/stakeholder groups:

To provide for adequate public participation opportunities and meaningful involvement of persons regarding this permit application and to address potential or existing environmental justice areas, the affected communities must first be identified, informed about proposed environmental actions affecting the community, and invited to share their comments and concerns. The EJSCREEN tool developed by the U.S. Environmental Protection Agency (EPA) helps identify communities that are low income and minority populations that may benefit from a variety of approaches for notification and outreach communication.

Using the default 4-mile radius from the facility, the results of the EJScreen ACS Summary Report (attached) are listed in the table below.

Population and Income Data			
Total Population:	964	Per capita income of community:	\$31,241
Minority Population, %:	14	US Per Capita Income*:	\$34,103
Total number of households:	386	Total Number (and Percent) of Linguistically Isolated Households:	0 (0%)

*US Per Capita Income 2015-2019; <https://www.census.gov/quickfacts/fact/table/US/INC910219>

Population by Race, %		Population by Ability to Speak English, %	
White	91	Speak Only English	87
Black	0	Non-English at Home	13
American Indian	4	Speak English "very well"	10
Asian	1	Speak English "well"	2
Pacific Islander	0	Speak English "not well"	0
Other Race	4	Speak English "not at all"	0
Two or More Races	1	Speak English "less than very well"	2

Linguistically Isolated Household Details, %		List other Languages (if applicable)
Speak Spanish	57	////////////////////////////////////
Speak Other Indo-European Languages	21	
Speak Asian Pacific Island Languages	0	
Speak Other Languages	21	

In addition, the following community or stakeholder groups have been identified:

- Boyd Nystedt, Director
- Eight Northern Indian Pueblo Council, Inc
- Office of Environmental Technical Assistance

Mobile: 505-692-7073, Fax: 505.884.0846

Email: boyd.nystedt@enipc.org

There is no known history of public involvement in air permitting for this facility during the last 10 years. Nevertheless, it remains important for the AQB to incorporate the linguistic and communication needs of this community when conducting public outreach and participation activities. To help accomplish this, the AQB will provide information in English, in public comment notices, public meeting notices (if applicable), and other announcements (radio broadcasts, brochures, signs, postcards, etc.) and strive to make public participation efforts as inclusive as possible within AQB budget and time limitations. Under normal circumstances the Farmington NMED Field Office would serve as an access area for the AQB to leave hard copies of important documents and information about how to comment on this permit application, but due to Covid-19 restrictions to protect both the general public and public employees, materials will not be available in hard copy, but can be found on the AQB webpage (see Section 2.a above).

4. Detailed actions and outreach activities the AQB Permitting Section will take to reach the affected public:

a. Overview

Based on the demographics report discussed in the PIP, the history of public involvement at the facility and the facility background, basic information about public involvement opportunities will be in English. This information will include how to request materials in Spanish or to speak with AQB staff through an interpreter. Further details about public participation for this activity are outlined below.

The AQB maintains information regarding this air quality permit application at the following locations:

- i. On the Air Quality Bureau website, see Section 2.a above. [Due to Covid-19 restrictions materials will not be available at ii and iii below but will be available on the website]**
- ii. At the District Office listed in Section 1.b above.**
- iii. At the main office location:**
New Mexico Environment Department
Air Quality Bureau
525 Camino de los Marquez, Suite 1
Santa Fe, New Mexico, 87505

b. Postal Mailing or E-Mailing of Notices to Persons on the Facility-Specific Mailing List

AQB regulations require notification to persons who have expressed interest in applications. The AQB maintains a mailing list that includes individuals interested in permit applications from particular facilities or geographic areas. Notifications may be sent through physical mail and/or an email.

For permitting actions in accordance with 20.2.72 NMAC:

The list also includes addresses within fifty kilometers of the boundary of other states, Bernalillo county, or a Class I area.

For permitting actions in accordance with 20.2.70 NMAC:

The list also includes addresses of states, local air pollution control programs, and Indian tribes and pueblos, that are within 50 miles of the source.

c. Notices in the State Newspaper and Local Newspapers

The public notice for this permit application will be published in English in the Legal Section of the Farmington Daily Times newspaper.

Website for this publication is listed below:

Farmington Daily Times

English: <http://www.daily-times.com/>

d. Mailing to the Governor or President of Indian Tribes, Pueblos or Nations

AQB regulations and the evaluation of the facility location and associated demographics, require notification to Tribes, Pueblos or Nations about this permit application for facilities located within a specified distance.

For NSR 1228-M4: The Department does not do this notification for NSR permits. Notification to Indian Tribes, Pueblos or Nations within 10 miles is required from the applicant for the NSR. But as courtesy, two Navajo Chapter Houses at approximately 25 miles will be notified by the AQB:

Upper Fruitland Chapter House

Nenahnezad Chapter House

For Title V P034-R4: Email notification will be sent to the contacts at the Tribes, Pueblos and/or Nations listed below:

Jicarilla Apache Nation: karena_cstll@yahoo.com

Navajo Nation EPA: airquality@navajo-nsn.gov

Southern Ute Tribe: dpowers@southernute-nsn.gov

Ute Mountain Tribe: JArchuleta@utemountain.org

e. Affected Local, State, or Federal Government Agencies, and Active Land Grants

AQB regulations require identifying and notifying local, state or federal government agencies about this permit application.

The following affected Local, State, or Federal Government Agencies will be notified by email:

US EPA Region VI (for both NSR and TV)

Erica LeDoux: LeDoux.Erica@epa.gov and r6airpermits@epa.gov

For 20.2.72 NMAC (NSR):

Colorado Dept of Public Health and Environment: matt.burgett@state.co.us

Class I Area - Mesa Verde National Park:

Regional (primary) contact: Don Shepherd: don_shepherd@nps.gov

Immediate park contact: Andrew Spear: andrew_spear@nps.gov

For 20.2.70 NMAC (TV):

Colorado Dept of Public Health and Environment: matt.burgett@state.co.us

f. Public Meeting Notices, Public Comment Notices, and Other Notices

AQB may hold public meetings, open houses, stakeholder meetings, and/or a formal hearing depending on the interest in the application. Based on historical information and the results of the initial screening, there is no public meeting planned at this time for this permit application. If it is determined that a public meeting will be required, notice will be provided to the community as follows:

- 1) Via a newspaper of general circulation in the area closest to the location of the facility.
- 2) Locations commonly frequented by the general public, such as a nearby post office, public library, or city hall.
- 3) All persons and organizations that have expressed interest and are on a list maintained by AQB.
- 4) Via a public service announcement to at least one radio or television station which serves the municipality or county in which the source is or is proposed to be located.
- 5) The notices will be translated for non-English speaking participants, if required.
- 6) The notices will include information for requesting accommodations for those with disabilities as listed in item 2b above.

AQB will locate an appropriate venue based on the availability to the community to access the meeting, and the specific needs of the affected community (e.g. size of community, community locations, impacts, etc.).

AQB may reschedule the meeting due to inclement weather. If rescheduled, AQB will provide as much advance notice as possible and reschedule for an appropriate time and date.

Meetings will be scheduled to make them as accessible and user-friendly as practical, considering work schedules, dinner hours and other community commitments. To the extent possible, the meeting will be held at a location that is local and convenient, and meet American with Disabilities Act (ADA) standards. In addition, whenever practical and appropriate, translators for limited-English speaking communities, or assistance for hearing-impaired individuals may be available. Information in public notices for a public meeting will adhere to AQB regulations, statutes and policies.

g. Public Comment Periods

For permitting actions in accordance with 20.2.72 NMAC (NSR 1228-M4):

AQB regulations require that all interested persons have thirty (30) days from the date the public notice is published to express an interest in writing in the permit application. If AQB receives written public comment before the end of the thirty (30) day public comment period, the analysis of the application will be made available for review for thirty (30) days on the Air Quality Bureau Website and at the NMED District office (address listed in Section 1.b above).

For permitting actions in accordance with 20.2.70 NMAC (TV P034-R4):
AQB regulations require that thirty (30) days shall be provided for public and affected program comment on the draft permit.

The PIP has been reviewed and approved by the AQB Bureau Chief.

For Liz Bisbey-Kuehn
Bureau Chief
Air Quality Bureau

Date approved
