District and Area Managers,

It has been awhile since we had public notices sent out us to post in our filed offices.

Attached is a Public Notice that has to be posted / made available in each of our filed offices regarding an upcoming Air Quality Bureau Hearing.

I know we have new staff in several offices so please work with you Admin staff on how their particular office handle public notices such as this. Note there is an English and Spanish notice.

Please let me know if you have any questions.
