Mr. Ryan Flynn

Santa Fe, NM 87502-5469

Dear Mr. Flynn:

Thank you for your agency's letter dated March 12, 2014, to the U.S. Environmental Protection Agency documenting that the existing New Mexico State Implementation Plan (SIP) provides for implementation, maintenance, and enforcement of the 2010 national ambient air quality standard (NAAQS) for nitrogen dioxide. We have determined that the SIP submission titled "Infrastructure Certification for the 2010 Nitrogen Dioxide NAAQS Revision" is administratively and technically complete. We appreciate your efforts to address this Clean Air Act requirement.

If you have any questions, please contact me at (214) 665-7100, or Carl Young of my staff at (214) 665-6645.

Sincerely,
