Re: San Juan County, New Mexico Early Action Compact December 31 Progress Report

Dear Ms. Ely:

I am pleased to confirm receipt of the New Mexico State Implementation Plan (SIP) revision to include the San Juan County, New Mexico Maintenance Plan for the Early Action Compact (EAC). The cover letter with the SIP revision indicated that the submittal would also serve as the semi-annual progress report required by the EAC. This fourth progress report was received on time and meets the requirements specified in the *Protocol for Early Action Compacts Designed to Achieve and Maintain the 8-Hour Ozone Standard*.

As we begin our review of the SIP revision, we appreciate the efforts of your office, the Four Corners Ozone Task Force, and the other EAC signatory parties for the continued efforts to meet the objectives of the EAC program. Should you have any questions, please contact me or Carrie Paige (214)-665-6521 at your convenience.

Sincerely yours,

A handwritten signature in black ink that reads "Thomas H. Diggs".

Thomas H. Diggs  
Chief  
Air Planning Section
