

PUBLIC NOTICE
For
Air Quality Operating Permit
for Blanco Compressor C and D Station of Enterprise Field Services, LLC

Enterprise Field Services, LLC at PO Box 4324; Houston, TX 77210-4324 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Blanco Compressor C and D Station. The owner of this plant is Enterprise Field Services, LLC at PO Box 4324; Houston, TX 77210-4324. The exact location of the facility is/will be at latitude 36 deg, 43 min, 57 sec and longitude -107 deg, 57 min, 42 sec. To aid in locating this facility, the approximate location is 2 miles northeast of Bloomfield, New Mexico in San Juan County. This application file has been assigned an Operating Permit Number P218-R1M2 and TEMPO Agency Interest ID No. 3552.

Previously, the plant received an air quality construction permit, if one was required, and is in operation or able to operate. The Blanco C&D Compressor Station is a natural gas compressor station that compresses natural gas for the purpose of transportation to another facility or a major transportation pipeline.

This operating permit application is for a minor modification. Per 20.2.70.401.C.(4) NMAC, this permitting action involves adding heater H-1 and incorporate changes from NSR 0613M7.

The emissions, as established in NSR Permit 0613-M7, and brought forward into this permit are as follows. Parentheses note changes in emissions from previous operating permit action P218-R1; emissions are expressed in tons per year (tpy). Nitrogen Oxides (NO_x) at 1330.7 tpy (+1.8); Carbon Monoxide (CO) at 252.7 tpy (+0.7); Volatile Organic Compounds (VOC) at 112.0 tpy (+11.4); Sulfur Dioxide (SO₂) at 4.0 tpy (+0.3); and Particulate Matter 10 microns or less (PM₁₀) at 0.14 tpy (no change).

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance status.

The NMED has made a preliminary determination that this plant will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 61, 70, 71, 72, 73; 40 CFR 50; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before April 21, 2012.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P218R1-M2. Contact the New Mexico Environment Department, Air Quality Bureau, Operating Permit Unit, 1301 Siler Rd, Bldg B, Santa Fe, New Mexico 87507-3113.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, Operating Permits Unit, 1301 Siler, Bldg B, Santa Fe, New Mexico 87507-3113. The Department contact in Santa Fe is Joseph Kimbrell at 505-476-4347.
