For  
Air Quality Operating Permit  
for Indian Basin Gas Plant of OXY USA WTP Limited Partnership

OXY USA WTP Limited Partnership at PO Box 50250; Midland, TX 79710-0250 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Indian Basin Gas Plant. The owner of this plant is OXY USA WTP Limited Partnership. The exact location of the facility is at latitude 32 deg, 27 min, 50.03 sec and longitude -104 deg, 34 min, 26.82 sec. Facility is located approximately 15 miles west of Carlsbad, NM in Eddy County. This application file has been assigned an Operating Permit Number P103-R2 and TEMPO Agency Interest ID No. 197.

Previously, the facility received an air quality construction permit and is in operation. This facility is a natural gas processing plant. The major processes associated with the facility are as follows: sour inlet gas stream, Amine sweetening systems, dehydration of sweetened gas, natural gas liquids removal, and compression and transport of NGL and residue gas to the market.

This operating permit application is for a permit renewal. Per 20.2.70.401.C.(4) NMAC, this permitting action involves renewing the operating permit and incorporating several Administrative Revision from the Construction permit.

There are no changes to the existing air emission limits in this permitting action.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 61, 70, 71, 72, and 73; 40 CFR 60 Subparts A, GG, and KKK; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before June 19, 2014.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P103-R2 by contacting Joseph Kimbrell at the New Mexico Environment Department, Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816. The Department contact in Santa Fe is Joseph Kimbrell at 505-476-4347.
