

Proposed Amendments to 20.10.2 NMAC: Public Meeting

The New Mexico Environment Department is seeking public participation and comments on the proposed amendments to 20.10.2 NMAC

The Cannabis and Hemp Bureau has developed a draft of the proposed amendments, to New Mexico Administrative Code (NMAC) 20.10.2. The objective of the Hemp Post-harvest Processing rule is to protect public health by establishing standards and provisions for the safe operation of hemp facilities to ensure that consumers are not exposed to adverse environmental health conditions.

Members of the public are encouraged to review the proposed amendments, attend public meetings, and provide comments.

Learn more by attending one of our public meetings that will be held in October 2025.

<u>In-person or Virtual</u>	<u>Virtual Only</u>
Albuquerque October 7, 2025 2pm-4pm African American Performing Arts Center- Classroom Use gate 3 located at San Pedro and Copper 300 San Pedro Dr. NE Albuquerque, NM 87108 To attend virtually, send request to cannabis.hemp.bureau@env.nm.gov	October 8, 2025 9am – 11am To attend virtually, send request to cannabis.hemp.bureau@env.nm.gov
