

**The 16th Annual New Mexico
Infrastructure Finance Conference
"Bouncing Back : New Challenges - New
Opportunities "
October 25th-27th 2011
Hard Rock Hotel & Casino Albuquerque**

TO: Attendees at the 2011 New Mexico Infrastructure Finance Conference
FROM: Angela Pacheco-Chavez, 2011 NMIFC Chair
DATE: January 3, 2012
RE: Attached White Paper on Better Infrastructure Development & Funding created by
conference attendees

Dear Colleagues:

On behalf of the NMIFC organizing committee, I'd like to thank you for attending the 2011 NMIFC, and in particular, for sharing your insights and expertise in conference workshops and general sessions that focused on how New Mexico could most effectively refine and improve its public infrastructure development and funding as we move into the future.

A number of conference attendees suggested that the ideas which emerged in the integrated planning workshops should be captured in a white paper, and distributed to policymakers in advance of the 2012 Legislative Session.

Attached is the document which highlights ten areas of major consensus across conference tracks that were suggested by attendees, and that appear possible to implement. Appendices list specific ideas and suggestions from each conference infrastructure track. On behalf of more than half of conference attendees who contributed, this document will be delivered to Governor Martinez and to legislative leaders.

Please feel free to forward a copy to whomever you wish, and thank you again for sharing your insights, your expertise and your good will as we work together to provide critical public infrastructure in a cost-effective manner to the people of New Mexico.

With appreciation and best regards,

Angela Pacheco-Chavez

2011 Chair

New Mexico Infrastructure Finance Conference
