Animas Valley Water Company, LLC Askes Customers To Conserve Water

Aztec, NM – Animas Valley Water Co., LLC is asking its customers to conserve water. The water system is working on completion of the connection with the City of Farmington. During the construction, it will be important for customers to use water sparingly so that all customers will continue to have service.

The “Boil Water Advisory” is still in effect. The RV Fill station at McGee Park will continue to be available for residents.

Customers are encouraged to use the fill station water for flushing toilets and washing dishes. Other suggestions for water conservation include:

- Please don't water lawns
- Please don't fill pools
- Never throw water down the drain if it can be used for another function.
- Use the same bath water for more than one person.
- If possible, use laundry matt for washing clothes.
