

DWSRFL Comprehensive Priority List (SFY14 Quarter 1)									
Comprehensive Ranking	Name Number	Score	Population	Designation	County	Disadvantaged?	Project Description	Requested Funding	Sustainability Policy
1	Santa Cruz MDWCA, NM3572926	13	420	Small System	Rio Arriba	Yes	Construction of two Uranium treatment plants for the 2 service wells; new water storage tanks.	\$900,000	Fix it first
2	Algodones WUA, NM3535123	13	675	Small System	Sandoval	Yes	Install Arsenic treatment system. System is under an Administrative Order.	\$400,000	Fix it First
3	Cimarron Water System, NM3526204	13	987	Small System	Colfax	Yes	Final design and construction of a new microfiltration water treatment plant. The current system has been in violation for inadequate TOC removal.	\$610,000	Fix it First
4	El Prado WSD, NM3515029	13	1,008	Small System	Taos	Severely	Install 2.69 miles of 12" transmission line to connect the new Well #3 to system's water storage tanks, thus giving the system a backup source and the ability to periodically rest the existing well.	\$750,000	N/A
5	Quail Hollow MDWCA, NM3521001	12	33	Small System	Bernalillo	No	Replacement of failing water lines and rehabilitation of 3 non-working wells	\$300,000	Fix it First
6	El Creston, -NM350007	12	200	Small System	San Miguel	NA	Construction of a well, storage tank and fill station. Approximately 1/3 of the wells in the area have gone dry with more expected to go dry in the future.	\$898,000	N/A
7	Santa Rosa Water System, NM3515010	12	3,000	Small System	Guadalupe	Severely	Plan, design, and construct a bulk water filling station. The station would enable permanent metered access via account card and replaces existing system of attaching "portable" meters to hydrants or other means.	\$55,000	N/A
8	Cordova MDWCA, NM3501221	11	325	Small System	Rio Arriba	Severely	Construct an additional 50,000 gal water storage tank to provide additional service capacity; Replace existing two, three, and four-inch waterline with six-inch line; Loop existing sections of the waterline; Replace existing valves, flush hydrants and water meters; install fire hydrants; Upgrade pump house to include SCADA system and level controller.	\$247,000	Fix it first
9	Santa Rosa Water System, NM3515010	11	3,000	Small System	Guadalupe	Severely	Upgrade the current SCADA system to serve four wells, three tanks, one booster station, and five remote meters.	\$295,650	N/A
10	El Valle de Los Ranchos W&S, -NM3500008	10	80	Small System	Taos	NA	Construction of approximately 5 miles of 6" C900 pipeline to serve approximately 80 existing homes where groundwater is contaminated due to septic systems.	\$1,333,000	N/A
11	Green Ridge MDWCA, Inc., NM3502401	10	130	Small System	Bernalillo	No	Reverse osmosis treatment, treatment building, well completion, evaporative lagoon, and water line to connect new facilities. Project addresses Administrative Order for exceedance of Fluoride MCL. DWSRFL to supplement USDA funding.	\$110,000	Fix it first
12	Lower Des Montes MDWCA, NM3574729	9	350	Small System	Taos	No	Construction of a new pump station; new water storage tank; rehabilitate an existing storage tank; new PRV station.	\$500,000	Fix it first
13	Magdalena, Village of, NM3523528	9	900	Small System	Socorro	Yes	Design and construction of second municipal well	\$275,200	N/A
14	Hagerman Water System, NM3519903	9	1,200	Small System	Chaves	Severely	Design, construction, purchase, and installation of a water storage tank and pressure pump for Greenfield well.	\$350,000	N/A
15	Lower Rio Grande Public Works Authority, NM3502407	8	9,487	Small System	Dona Ana	Severely	Purchase the Valle Del Rio Water System. The cost includes appraisal, due diligence inspection, legal expenses, developing planning documents (PER & environmental documents) and design for the system, and interconnection with the existing LRGPWWA water system. NOTE: Project eligibility under review by EPA.	\$1,000,000	N/A
16	Silver City Water System, NM3522609	8	15,745	Large System	Grant	Severely	New 1 million gallon storage tank.	\$581,000	N/A
17	Cuatro Villas MDWCA, NM3533526	7	150	Small System	Santa Fe	Severely	Replace manual-read meters with AMR system.	\$57,685	N/A
18	Fambrough MDWCA, NM3510403	7	450	Small System	Chaves	Severely	Replace 6,600 lf of 1" and 2" waterline with 6" waterline, to include flush and fire hydrants. This project will also loop a currently unlooped section of the distribution.	\$441,000	Fix it First
19	Cimarron Water System, NM3526204	6	987	Small System	Colfax	Yes	Replace old leaky cast iron service lines.	\$775,000	Fix it First
20	Eldorado W&SD, NM357326	6	7,350	Small System	Santa Fe	No	Design and construction of a project to increase water production (e.g. constructing a new well, rehabilitating existing wells, purchasing and upgrading a private well, or connecting to a proposed pipeline from the Santa Fe County water system).	\$1,000,000	Fix it First
21	Los Lunas Water System, NM3525332	6	14,284	Large System	Valencia	No	Construct a 5,000' transmission line across the Rio Grande to provide a looped system on the east side of the river.	\$2,300,000	N/A
22	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Raw water conveyance (construction funding)	\$10,600,000	N/A
23	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Taylor well field desalination (construction funding)	\$8,100,000	N/A
24	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	New wells and rehabilitation of existing wells at Taylor well field (construction funding)	\$6,630,000	Fix it First
25	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Bradner Dam expansion (construction funding) Note: Deviation request for project under review by EPA.	\$23,600,000	N/A
26	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Peterson Dam structural and leak repair (construction funding). Note: Deviation request for project under review by EPA.	\$1,210,000	N/A
27	San Jon Water System, NM3527920	3	269	Small System	Quay	No	Replace 7,150 of mostly asbestos-cement water distribution lines ranging from 2" to 6" and replace 6" C-900 PVC. In addition to the concern about asbestos, many of the fittings have lead-soldered joints and the location of many of the lines and valves are unknown making it difficult to control the system.	\$419,000	Fix it First
28	Roy Water System, NM3526911	4	300	Small System	Harding	No	Replace 2,600 lf of 4" water line made from cast iron and PVC with 6" C-900. The existing water line has experienced numerous leaks.	\$349,000	Fix it First
29	Sierra Vista MDWCA, NM3553601	3	300	Small System	Bernalillo	No	Replacement of shallow and failing water lines (Phase 1)	\$2,500,000	Fix it First
30	Las Vegas Water System, NM3518025	3	19,000	Large System	San Miguel	Severely	Effluent water reuse expansion (construction funding)	\$1,950,000	N/A
31	Las Vegas Water System, NM3518025	3	19,000	Large System	San Miguel	Severely	Water treatment plant oxidation system (construction funding)	\$3,210,000	Fix it First
32	Santa Fe Water System, NM3505126	2	73,000	Large System	Santa Fe	No	Install a 400 KW floating photovoltaic system on Nichols Reservoir by the Canyon Road water treatment facility. This PV system will generate approximately the same amount of electricity consumed by the treatment plant and will reduce evaporative loss from the reservoir by approximately 20 acre-feet.	\$1,700,000	N/A
TOTALS			267,630					\$73,446,535	

DWSRLF Fundable Priority List (SFY14 Quarter 1)													
Fundable Ranking	Name Number	Score	Population	Designation	County	Disadvantaged?	Project Description	Requested Funding	Anticipated Subsidy Percentage	Subsidy Estimate Dollar Amount**	Expected Amount of Financial Assistance	Interest rate	Sustainability Policy
1	Ojo Caliente MDWCA, NM3506621	13	415	Small System	Taos	Yes	Install uranium treatment and transmission line to route water from Wells #1 and #2 for treatment. Ojo Caliente MDWCA is under an Administrative Order for exceeding the uranium MCL.	\$737,000	50%	\$368,500	\$368,500	0%	Fix it First
2	Albuquerque-Bernalillo County Water Utility Authority, NM3510701	13	601,983	Large System	Bernalillo	No	Construct water lines for Phase 3 of the Carnuel project to serve an area impacted by nitrate contamination and currently unserved by a Public Water System.	\$2,500,000	25%	\$625,000	\$1,875,000	2%	N/A
3	Chamita MDWCA, NM3500121	12	1,200	Small System	Rio Arriba	No	Construction of a new well to supplement the system's one well; SCADA control system.	\$355,000	25%	\$88,750	\$266,250	2%	N/A
4	El Valle Water Alliance (San Miguel del Bado)	10	100	Small System	San Miguel	No	San Miguel del Bado: Interconnection to El Coruco MDWCA to reduce fluoride levels in drinking water and bring San Miguel into compliance with fluoride MCL.	\$441,000	25%	\$110,250	\$330,750	2%	N/A
5	Valley Estates MDWCA, NM3503621	9	185	Small System	Rio Arriba	No	Install a disinfection treatment system and replace existing storage tank in poor condition with a new 30,000 gallon tank (33,220 gallons usable capacity).	\$65,000	25%	\$16,250	\$48,750	2%	Fix it First
6	Clayton Municipal Water System, NM3527031	9	2,400	Small System	Union	Yes	Meter replacement and automated meter reading equipment.	\$600,000	50%	\$300,000	\$300,000	0%	N/A
<hr/>													
7	Pecos Water System, NM3518325	7	2,930	Small System	San Miguel	No	Upgrade existing meters to radio read.	\$500,000	25%	\$125,000	\$375,000	2%	N/A
8	Eldorado W&SD, NM3537326	6	7,350	Small System	Santa Fe	No	Final design and construction of a combined facility for Utility Operations, Maintenance and Administration; purchase and installation of a pre-fabricated structure for storage of water chlorination chemicals.	\$1,200,000	25%	\$300,000	\$900,000	2%	N/A
9	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Water distribution upgrades including looping system to provide adequate line pressure for fire hydrants (construction funding).	\$1,900,000	75%	\$1,425,000	\$475,000	0%	Fix it First
10	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Water treatment plant building repairs (construction funding).	\$173,000	75%	\$129,750	\$43,250	0%	Fix it First
11	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Water line repair and replacement (construction funding).	\$2,410,000	75%	\$1,807,500	\$602,500	0%*	Fix it First
12	Las Vegas Water System, NM3518025	6	19,000	Large System	San Miguel	Severely	Rehabilitation/maintenance of three water storage tanks (construction funding).	\$880,000	75%	\$660,000	\$220,000	0%	Fix it First
13	Bloomfield Water Supply System, NM3510124	5	7433	Small System	San Juan	No	Rehabilitation of two tanks in poor condition.	\$900,000	25%	\$225,000	\$675,000	2%	Fix it First
14	Ruidoso, Village of, NM3513114	4	10,800	Large System	Lincoln	No	Replacement of existing 7,600 manual-read residential brass meters with positive displacement meters and a fixed base automated meter reading system.	\$3,000,000	25%	\$750,000	\$2,250,000	2%	N/A
15	Roswell Water System, NM3520203	3	48,500	Large System	Chaves	No	Replacement of aged large diameter water lines and large diameter water valves.	\$2,000,000	25%	\$500,000	\$1,500,000	2%	Fix It First
TOTALS			759,296					\$17,661,000		\$7,431,000	\$10,230,000		

The dark line represents subsidy limits for the 2013 subsidy of \$1,498,920 that will be fully allocated with the Clayton Municipal Water System Project assuming all projects come in in order. *0% interest rate will apply to maximum eligible amount of \$600K.

**Subsidy is shown as anticipated amounts based on availability and is not guaranteed.
