

## SRF Comprehensive Project Priority List, FY09

PWS	Score	Priority	County	Population	Cost	Project Description
Jemez Springs Domestic Water Coop	353	1	Sandoval	1,394	\$350,000	New well construction to increase water supply and decrease Arsenic content. A PER has already been performed by Souder Miller.
Elida	324	2	Roosevelt	189	\$950,000	Replace 11 miles of 3" and 4" water line with 6" water line (including valving) and a booster pump at one of the wells.
Brazito MDWCA	303	3	Dona Ana	485	\$203,180	Install Radio Read metering for 960 customers to improve efficiency and help detect leaks.
Desert Sky Mountain Coop	269	4	Sandoval	114	\$200,000	Install an Arsenic treatment system to bring the system's drinking water into SDWA compliance for the Arsenic MCL.
Alto Lakes WSD	240	5	Lincoln	2,000	\$5,000,000	Replace undersized water line, re-zone, add storage, loop lines, add treatment to lower TDS
Cordova MDWCA	233	6	Rio Arriba	325	\$150,000	Replace valves, new master meter, flush hydrants, replace chlorinator, tank repair
Fort Seldon Water Company	225	7	Dona Ana	903	\$140,000	Replace failing supply well and water storage tank (50,000 gallon tank with booster pumps).

## SRF Comprehensive Project Priority List, FY09

PWS	Score	Priority	County	Population	Cost	Project Description
Hanover MDWCA	214	8	Grant	292	\$645,000	Install a 6" HDPE / PVC line from Hanover to Bayard for the purpose of establishing an Emergency Interconnection.
Hofheins/Marcel Thomas Assoc.	200	9	Sandoval	83	\$52,400	Replace a 30 year old 12,000 gallon storage tank with a new 15,000 gallon tank and install full residential metering.
Carlsbad	190	10	Eddy	27,000	\$10,000,000	Installation of one or two Water Storage Tanks with a combined capacity of 5,000,000 gallons, and all necessary piping to provide connection to the existing distribution system. Project proposal will also enable (non-emergency) system interconnection to surrounding communities such as Otis, Loving, and La Huerta (combined population 15,000) addressing inadequate water supply issues for these communities.
Chupadero MDWCA	189	11	Santa Fe	150	\$920,945	Replace two miles of 35 year old 2" and 3" water main line with new 6" line; inspect and repair the existing 35 year old storage tank; install an additional 50,000 gallon water storage tank for Fire Protection, and install 12 new fire hydrants. A PER has already been completed by Daniel B. Stephens & Associates.
Cloudcroft Water System	181	12	Otero	750	\$550,000	New SCADA system and 1.5 miles of transmission line to the new plant

## SRF Comprehensive Project Priority List, FY09

PWS	Score	Priority	County	Population	Cost	Project Description
Flora Vista MDWCA	165	13	San Juan	4,092	\$300,000	Project involves either of two options: installing a backwash recovery system for an existing Ion Exchange Treatment System (softener), or the installation of a new treatment system capable of treating raw water for Manganese.
Mountain Orchard WDWCA	140	14	Otero	40	\$250,000	Replace the following: old steel distribution lines, supply lines from spring to storage tanks, and storage tanks.
Bosque Gardens Water Coop	134	15	Valencia	140	\$71,829	Install 55 meters, refurbish 100,000 gallon steel tank, repair pump house (including new roof), install up to 10 4" control valves, and repair security fence.
Desert Ranch MDWCA	130	16	Curry	92	\$6,000	Rebuild well house for East Well, which is claimed to be literally falling apart, potentially exposing pipes to freezing temperatures and contamination.
Santa Fe Mobile Home Hacienda	118	17	Santa Fe	339	\$150,000	Interconnecting to the Santa Fe County water system.

**Total Project Count = 17**
