PWS	Score	Priority	County	Population	Cost	Project Description
Thoreau W&SD	221	7	McKinley	1,400	\$600,000	Install a water supply well to replace Well #2 which is failing. Also required is a pump house, controls and connection to the distribution system.
Tecolote MDWCA	213	8	San Miguel	185	\$150,000	Replace a portion of the distribution system, replace water pump replace electrical system, replace chlorination system with automated unit, install meters.
Acoma Tribal Water System	205	9	Cibola	4,000	\$4,000,000	Rehab of two water storage tanks, replace old asbestos-concrete waterline.
Desert Sands MDWCA	203	10	Dona Ana	1,535	\$600,000	Installatin of arsenic treatment at Well #4 and possibly Well #2.
Trout Mountain Water Association	201	11	Grant	50	\$100,000	Drill a new well to replace system's failing well.
Espanola Water System	200	12	Rio Arriba	10,065	\$2,000,000	Replace tank 1-A, replace booster pump.
La Union MDWCA	199	13	Dona Ana	568	\$1,300,000	Well construction, install a new 250,000 gallon water storage tank, rehab an existing water storage tank, extend the existing distribution sytem 3 miles.

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Velarde MDWCA	199	14	Rio Arriba	600	\$100,000	Install additional ring on water storage tank to raise level in tank, add isolation valves in distribution, re-pipe well house.
Bayard Municipal Water System	199	15	Grant	2,591	\$200,000	Construction of a water main at Cameron Creek intersection, lead abatement and demolition of an abandoned water storage tank, lead abatement and refurbishing of an old water storage tank.
Fambrough MDWCA	197	16	Chaves	450	\$2,100,000	Replace 17 miles of undersized water lines, loop dead end lines, reposition existing fire hydrants.
Abiquiu MDWCA	196	17	Rio Arriba	400	\$110,000	Construct distribution loops, replace old meters, replace old water storage tank.
Agua Negra MDWCA	195	18	Mora	300	\$150,000	Replacement of old water line, replace water meters, install a pump level controller.
Sangre de Cristo MDWCA	193	19	Guadalupe	175	\$170,000	Install 4" and 6" waterline, install meters, install new water storage tank, hydrants and valves.

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Coyote Creek MDWCA	193	20	Catron	213	\$3,584,000	Installation of two 80,000 gallon water storage tanks, booster pump and 2.6 miles of transmission line to fill one of the tanks, 2.1 miles of new distribution system with 200 fire hydrants.
Ensenada MDWCA	192	21	Rio Arriba	150	\$300,000	Replace deteriorating and undersized galvanized distribution system along county Road 328 with 6" PVC, install meters at all connections, install a new 80,000 gal water storage tank, rehab existing well, construct booster station and construct a new pump house.
Upper Arroyo Hondo MDWCA	192	22	Taos	150	\$425,000	Replace deteriorating 10,000 gallon water storage tank with a 30,000 gallon tank, replace meters with radio read meters, purchase new billing software to work with radio read meters, replace main water line with 6" line.
Arroyo Del Agua MDWCA	191	23	Rio Arriba	45	\$150,000	Water line replacement, install pump level controller.
Nogal MDWCA	191	24	Lincoln	55	\$1,045,000	Surface water treatment plant, Add a second water storage tank, rehab existing water storage tank, replacement of portions of distribution system.

Moongate West	79	137	Dona Ana	3,434	\$700,000	Drill two new water supply wells, 3 miles of 12" transmission line to connect wells to distribution system.
Red River Water System	75	138	Taos	350	\$125,000	Install radio interface metering system including 700 new meters
Bosque Farms Water Supply	75	139	Valencia	4,000	\$800,000	Upgrade well #2 and its pumping station with variable frequency drives, upgrade the pumps and motors, install a new DC and all related electronics and install a SCADA system between the two Village wells.
Bosque Farms Water Supply	75	140	Valencia	4,000	\$500,000	Replace old meters with radio read meters.
Bloomfield Water Supply System	74	141	San Juan	6,725	\$995,000	Relocate and upgrade from 8" to 12" 2 miles of water line under Hwy 64 due to a road widening project.
Bloomfield Water Supply System	74	142	San Juan	6,725	\$1,325,197	Install Advanced Metering Infrastructure equipment and replace 3,000 old meters with readio read meters.

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Glorieta MDWCA	73	143	Santa Fe	200	\$27,000	Install meters for all 41 customers.
Canyon Hills Water Association	71	144	Otero	50	\$30,000	Install chlorination system, add security fencing, install electrical housing and controls for wells.
Artesia	70	145	Eddy	14,000	\$1,000,000	Install a new water supply well and connect to distribution system
Carlsbad	70	146	Eddy	27,000	\$25,000,000	Installation of Double Eagle water line to bring new source water into Carlsbad and south Eddy County communities..
Barcelona Mobile Home Park	65	147	Bernalillo	350	\$200,000	Connect the MHP to the ABCWUA water system.
Sierra Vista South Water Cooperative	62	148	Bernalillo	128	\$43,000	Install a second master meter so that both wells have dedicated meters, install a grid-tied photovoltaic system on the water storage tank.
Lincoln MDWCA	61	149	Lincoln	75	\$533,000	Replace 5890' of 2" water line on north side of the highway with 6" line to enable the installation of fire hydrants, install 7 hydrants

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Carnuel MDWCA	60	150	Bernalillo	2,000	\$2,000,000	Construct Phase II of the ABCWUA extension to Carnuel consisting of constructing a 500,000 gal storage reservoir, a pump station and distribution lines.
Alto Lakes WSD	60	151	Lincoln	2,000	\$2,000,000	Phase II of water treatment project to reduce TDS and hardness by installation of an RO system and brine disposal facility.
Mesilla Mesilla	53	152	Dona Ana	1,548	\$431,508	Extending and looping waterlines in the Los Arenalles and Valle Grande service areas.
Organ Water & Sewer Assoc	49	153	Dona Ana	1,265	\$40,000	Install photovoltaic system to offset high energy costs.
Tijeras, Village of	48	154	Bernalillo	1,200	\$2,500,000	Phase III of project to extend service to area north of I-40 consisting of 800' of 6" water line, 7700' of 8" water line and a booster pump station.
Eldorado WSD	44	155	Santa Fe	8,114	\$200,000	Replace 1,000 water meters with radio-read meters.
Glorieta Estates Water Coop	41	156	Santa Fe	61	\$40,000	Install water meters at all connections.

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Cloudcroft Water System	41	157	Otero	750	\$200,000	Installation of a photovoltaic system to generate on average 50 kWh/day of electricity to offset the energy demands of the new potable reuse project.
Taos Ski Valley, Village of	40	158	Taos	650	\$42,500	Purchase and install leak detection equipment.
Taos Ski Valley, Village of	40	159	Taos	650	\$1,800,000	New 250,000 gallon water storage tank, distribution replacement chlorination station, meter vault.
Ruidoso, Village of	40	160	Lincoln	10,001	\$300,000	Install 3,500' of new water line and pumping station to connect a existing water storage tank near the airport to the existing distribution at the airport.
El Vadito de Los Cerrillos MDWCA	39	161	Santa Fe	600	\$11,500	Security fencing for a water storage tank, improve dispenser at fi station.
New Mexico American Water (Edgewood)	37	162	Santa Fe	5,018	\$540,000	Replace 3,000' of aging 6" transmission line with 12" line.
Tesuque MDWCA	36	163	Santa Fe	370	\$472,182	New water and land acquisition, new well, replacement of some undersized water line.

Draft

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Sierra Los Pinos POA	35	164	Sandoval	300	\$250,000	Add radio read meters.
Greater Chimayo MDWCA	30	165	Rio Arriba	30	\$800,000	Extend 12" transmission to existing El Llano water system.
Farmington	30	166	San Juan	41,001	\$1,260,000	Replace approximately 3,500 old water meters with radio-read meters.
Rio Rancho	30	167	Sandoval	56,000	\$500,000	Install a water line to connect Well 19 to the western portion of Rio Rancho.
Rio Rancho	30	168	Sandoval	56,000	\$3,074,072	Install a new 3 million gal water storage tank to serve northwest Rio Rancho.
Rio Rancho	30	169	Sandoval	56,000	\$2,312,587	Install reverse osmosis treatment for Well 12 which has high TDS.
Santa Fe, City of	30	170	Santa Fe	70,001	\$550,000	Construct a micro-hydroelectric generation facility downstream of the surface water treatment plant to take advantage of a head gradient in the existing transmission line. This project would offset approximately half of the power consumed by the treatment plant.

SRF Comprehensive Project Priority List, SFY10

PWS	Score	Priority	County	Population	Cost	Project Description
Santa Fe, City of	30	171	Santa Fe	70,001	\$140,000	Modify electrical system at the Buckman Direct Diversion surface water project to accommodate a power provided by a planed photovoltaic systems.
Santa Fe, City of	30	172	Santa Fe	70,001	\$15,000,000	Additional funding for the Buckman Diversion Project.
Santa Fe, City of	30	173	Santa Fe	70,001	\$300,000	Increase the current rebate program to promote water conservation technologies to high water-use businesses.
Albuquerque-Bernalillo County Water Utility Authority	30	174	Bernalillo	453,000	\$156,825	Replace 1,086 high-flow toilets and 281 high-flow urinals with high-efficiency fixtures in all City of Albuquerque facilities. This is anticipated to save as much as 9,600,000 gallons per year.
Albuquerque-Bernalillo County Water Utility Authority	30	175	Bernalillo	453,000	\$200,000	Expand ABCWUA's leak detection system to cover an additional 5% of the distribution system.

Total Cost: \$240,917,350

Total Project Count = 175
