

Drainfield Product Sizing

Manufacturer	Product Name	Sizing, (sf/lf or unit)*	Restrictions/comments
Advanced Drainage Systems, Inc.	ADS Triple Wall Pipe	Conventional	No serial installations
Advanced Drainage Systems, Inc.	Biodiffuser High Capacity Chamber	30 sf/unit	
Advanced Drainage Systems, Inc.	Biodiffuser Standard Chamber	24 sf/unit	
Advanced Drainage Systems, Inc.	Biodiffuser Low Profile Chamber		Pending interim approval
Advanced Drainage Systems, Inc.	ARC-36	20.3 sf/unit	
Advanced Drainage Systems, Inc.	ARC-36 HC	23.4 sf/unit	
Eljen Corporation	Eljen In-Drain System	Per manufacturer's recommendations	30% reduction in drainfield area from conventional
Eljen Corporation	GP5-24	Per manufacturer's recommendations	30% reduction in drainfield area from conventional
Geoflow, Inc.	Wasteflow Dripline	Per manufacturer's recommendations	
Hancor, Inc.	Standard Envirochamber	24.9 sf/unit	
Hancor, Inc.	High Capacity Envirochamber	27.8 sf/unit	
Hancor, Inc.	Envirochamber Pro HC	30 sf/unit	
Hancor, Inc.	Envirochamber Pro Standard	24 sf/unit	
Hancor, Inc.	SB2 Gravelless Pipe, 8-inch	2 sf/lf	See approval letter for restrictions
Hancor, Inc.	SB2 Gravelless pipe, 10-inch	3 sf/lf	See approval letter for restrictions
Infiltrator Systems, Inc.	High Capacity Chamber	30 sf/unit	
Infiltrator Systems, Inc.	Standard Chamber	25 sf/unit	
Infiltrator Systems, Inc.	High Capacity Quick 4 Chamber	19.3 sf/unit	
Infiltrator Systems, Inc.	High Capacity Quick 4 Plus Chamber	19.3 sf/unit	Periscope to be installed on top of all leading Endcaps
Infiltrator Systems, Inc.	Standard Quick 4 Chamber	16 sf/unit	
Infiltrator Systems, Inc.	Standard Quick 4 Plus Chamber	16 sf/unit	
Infiltrator Systems, Inc.	EQ36 Chamber	26 sf/unit	1999 conditional approval
Plastic Tubing Industries, Inc.	Multi-Pipe Drainfield System	19.25 sf/10-foot section (same as conventional)	Sizing needs to be updated to current conventional sizing

Manufacturer	Product Name	Sizing, (sf/lf or unit)*	Restrictions/comments
Quik Drain LLC	Quik Drain 3-foot Block	Conventional	Conditional-limited number of domestic systems
Quik Drain LLC	Quik Drain 1-foot Block	Conventional	Conditional-limited number of domestic systems
Quik Drain LLC	Quik Drain 1-foot Chamber	Conventional	Conditional-limited number of domestic systems
Infiltrator Systems, Inc.	EZflow 1204V	7 sf/lf	
Infiltrator Systems, Inc.	EZflow 1006V	5.2 sf/lf	
Infiltrator Systems, Inc.	EZflow 1202V	3.4 sf/lf	
Infiltrator Systems, Inc.	EZflow 1203V	5.4 sf/lf	
Infiltrator Systems, Inc.	EZflow 1006H	4.7 sf/lf	
Infiltrator Systems, Inc.	EZflow 1206H	6.3 sf/lf	
Infiltrator Systems, Inc.	EZflow 1003T	3.5 sf/lf	
Infiltrator Systems, Inc.	EZflow 1203T	4.5 sf/lf	
Infiltrator Systems, Inc.	EZflow 1203 H	4.3 sf/lf	

*Note: "Conventional" means equal sizing to gravel trenches as prescribed in the Liquid Waste Disposal and Treatment Regulations, 20.7.3 NMAC.

Disclaimer: In the event that information contained in this table conflicts with the Liquid Waste Disposal and Treatment Regulations, 20.7.3 NMAC, or product approval documents issued by the New Mexico Environment Department, the Regulations or product approval documents shall prevail over this table.
