

NEW MEXICO ENVIRONMENT DEPARTMENT  
LIQUID WASTE PROGRAM  
SEPTIC TANK SUBMITTAL REQUIREMENTS

December 14, 2004

The items listed below, as appropriate, shall be submitted for all products, or product modifications, to be reviewed for approved use in New Mexico. One original and one copy shall be submitted for which review is requested. Submissions shall be delivered to Tom Brandt, Division Engineer, NMED Environmental Health Division, 525 Camino de Los Marquez, Suite 1, Santa Fe, NM 87505, 505-476-8609. **Specific proprietary issues, and claims for proprietary confidentiality, must be identified as such.**

Submissions that do not provide the required information specified below will be rejected without further review. Submissions that contain the required information will be reviewed on a first-come, first-serve, basis. Submittals must include, at a minimum:

- 1. Cover sheet.**
- 2. Name of company, contact person, what is being requested.**
- 3. Proof of International Association of Plumbing and Mechanical Officials (IAPMO) certification, or certification by a registered professional engineer that the product meets minimum standards specified in the Liquid Waste Disposal and Treatment Regulations, Sections 20.7.3.501 and 20.7.3.502 NMAC.**
- 4. Drawings of the product, properly sealed by a registered professional engineer, showing all pertinent dimensions, details and reinforcement.**
- 5. Structural calculations, certified by a registered professional engineer.**
