

**WATER QUALITY TESTING
PROVIDED FREE OF CHARGE
BY THE
NEW MEXICO
ENVIRONMENT DEPARTMENT**

- WHO:** Pine Hill and surrounding area residents of Cibola and McKinley County
- WHAT:** Water Fair – water testing for residents with private wells serving homes not connected to a public water utility
- WHEN:** Thursday, July 21, 2011; 10:00 a.m. - 3:00 p.m.
- WHERE:** The Pine Hill Health Center (Clinic campus between the Clinic and the Center), Pine Hill, New Mexico

How to Collect the Water Sample:

- Use a clean glass or plastic container (at least a quart).
 - Do not use containers that have a strong odor, such as pickle jars.
 - Let the water run for a couple of minutes before collecting the sample.
 - Collect the sample as close to the time of testing as possible.
 - Cover the container with a clean lid.
 - Collect the sample before any water treatment systems such as reverse osmosis, water softener, or carbon filter.
- If available, please provide well depth, depth to water, well casing material (i.e., steel, pvc) and distance from well to the nearest septic tank/leachfield system.
 - Limited analysis will be performed the same day, and you can either pick up results or have them mailed to you.

Drinking water will be tested at the water fair for the following parameters:

- | | |
|----------------------------------|------------------|
| △ Electrical conductivity | △ Nitrate |
| △ Iron | △ pH |
| △ Fluoride | △ Sulfate |
