Good morning,

Thank you for holding the recent meetings on July 24 and October 26, 2023 to discuss the Chromium Interim Measures and Characterization Work Plan (Cr IM&C WP) Notice of Deficiency comments and proposed responses. EM-LA/N3B appreciate the additional clarification provided by NMED during these discussions. In the October 26, 2023 meeting, NMED requested a timeline for the generation of a revised work plan, including redline changes.

N3B will complete the revision of the Cr IM&C WP no later than 26 weeks after receipt of the written feedback from NMED, that NMED agreed to provide, on EM-LA's previously provided in the "Response Matrix to the Notice of Disapproval, Chromium Interim Measures and Characterization Work Plan"- HWB-LANL-22-076.

Best,

**Nancy McDuffie**
