The Septic Underground

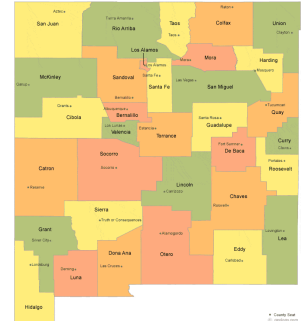

Septage Pumping Truck Annual Registration, Coming July 1, 2021

The Liquid Waste Program has scheduled a series of 30 to 45-minute meetings to discuss the Septage Pumping Truck Annual Registration requirement that will become effective July 1, 2021. These meetings are an opportunity for industry and public to provide input on how the process will be implemented. The meetings are scheduled for April 2021, the start time for each meeting detailed below.

We have scheduled these meetings on the Webex platform. Attendees may call in or join via the internet. Instructions on page 2 of this newsletter.

To assure that everyone has an opportunity to be heard we have set a time for each group of counties. This should keep each meeting to about 15 to 30 attendees and provide an opportunity for everyone to comment. See page 3 for the list by

county.

We have scheduled afternoon meetings and a Saturday meeting to provide opportunities to provide comments.

Monday		Wednesday		Friday		Saturday	
4/19	11:30am	4/21	11:30am	4/23	11:30am	4/24	9:00am
4/19	4:00pm	4/21	4:00pm	4/23	4:00pm		

We will discuss the application process, the inspection requirements, vehicle marking and the approval requirements.

The meetings will start with a brief introduction and presentation then comments will be taken, and questions will be addressed.

The department values your input. The final process will depend on your public comments and suggestions.

Meeting Day, Date and Time	For listed County
Monday 4/19/21 11:30am	See list, page 3
Monday 4/19/21 4:00pm	See list, page 3
Wednesday 4/21/21 11:30am	See list, page 3
Wednesday 4/21/21 4:00pm	See list, page 3
Friday 4/23/21 at 11:30am	See list, page 3
Friday 4/23/21 at 4:00pm	See list, page 3
Saturday 4/24/21 at 9:00am	Anyone who can't join any of the other listed meetings
