Subject: [EXTERNAL] COMPOSITION OF NATURAL GAS IN NEW MEXICO FOR PROJECT JUPITER
Date: Wednesday, October 28, 2026 7:24:57 AM

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Ms. Kuhn

Does ENV N.M. have a detailed chemical analysis of all the components in the natural gas that project Jupiter intends to use?

This information is critical to my analysis and my upcoming testimony.

Thanks

Lindsay

Subject:	[EXTERNAL] BLOOM CONTINUES TO USE FAKE POLLUTANT FACTORS IN DELAWARE
Date:	Tuesday, October 27, 2026 4:54:55 PM
Attachments:	BLOOM NOX EXCESS [redacted] PAID FROM 2012 2026.xlsx

CAUTION: This email originated outside of our organization. Exercise caution prior to clicking on links or opening attachments.

Mr, Greene

DSGP (Southern and Bloom) submitted their invoice for September 2026 to Delmarva. Again if one uses the real pollutants factors for NOX and CO2 there is an overbilling to Delmarva ratepayers.

I have compiled the attached spreadsheet that you can add to evidence I have submitted to the IG of Delaware's office. Note in New Mexico Project Jupiter the NOX lbs per mwh used in the permit application that was revised and is now being considered equals 0.003522. In Delaware Bloom is still using 0.0017 pounds of NOX per megawatt hour to FAKE OUT DNREC and the PSC.

I am becoming quite well known in New Mexico where ENV M.N. is doing a far better job than DNREC does to make sure that there is no BLOOMDOGGLE in their state.

You are welcome to call me if you need further explanation of how DSGP has DEFRAUDED Delmarava Ratepayers with the help of DNREC

Lindsay Leveen

Hello Jennifer,

I wanted to email you to check in on the outstanding information from the October 23, 2026, letter the Bureau sent. The Bureau has yet to receive that information, which is preventing the modeling team from beginning its review and subsequently delaying the Bureau's preparation of the draft permit.

Thank you,

Brian Yardman-Frank (he/him)

Hello Jennifer,

Thank you for returning our call. We look forward to the first set of responses this afternoon. We will keep an eye out for the second set from your team members that were unavailable in the next day or two.

Thank you,
