

## **NOTICE OF AVAILABILITY FOR PUBLIC COMMENT**

### **Draft 2020 Regional Sulfur Dioxide Emissions and Milestone Report**

New Mexico's State Implementation Plan for regional haze, adopted by the Environmental Improvement Board on November 18, 2003, requires that New Mexico coordinate with Utah, Wyoming and the City of Albuquerque in producing an annual report to determine if emissions of sulfur dioxide (SO<sub>2</sub>) from large industrial sources are less than the emissions milestone set in the plan. The Western Regional Air Partnership (WRAP) compiles the emissions data from the three states and the City of Albuquerque into a single report for submittal to the U.S. Environmental Protection Agency (EPA).

The draft 2020 Regional SO<sub>2</sub> Emissions and Milestone report is available for public comment and can be found at <https://www.env.nm.gov/air-quality/reg-haze> or <http://www.wrapair2.org/reghaze.aspx>.

If you want a hardcopy of this report, please contact the New Mexico Air Quality Bureau at (505) 476-4300 or by mail at the address below.

The States and the WRAP will respond to any comments and then provide notice of final availability of the report before submitting the report as final to the EPA.

The comment period closes at 5:00 p.m. on Friday, April 8, 2022. Comments postmarked on or before that date will be accepted. Comments may be submitted by electronic mail to [roslyn.higgin@state.nm.us](mailto:roslyn.higgin@state.nm.us) or may be mailed to:
