Solid Waste Facility Grant Fund Project Awarded FY 2009 - 2019

Grantee	FY	Project Summary	Amount Awarded
Catron County	2010	Hire professional services to create a GW monitoring plan, SWF surveys, geotechnical borings, decommissioning soil sampling and testing, CQA oversite, and pay for a C&D landfill permit application	\$107,919
Catron County	2010	Contract services to close the Reserve Landfill and begin closure activities at the Glenwood Landfill	\$87,575
Catron County	2011	Professional oversight and subcontractor costs for installation of three groundwater monitoring wells	\$20,000
Catron County	2011	Hire professional services for oversight of closure activities, soil testing, and a site survey	\$60,000
Catron County	2014	Engineering services for the installation of ditches, on site cut; contractors for survey and soil testing final closure tasks	\$95,435
Catron County	2017	Complete Pie Town landfill site survey, NMGRT	\$12,100
City of Deming	2014	Installation of three GW monitoring wells with dedicated pumps, one low flow pump controller; sampling/testing for associated services for Butterfield landfill	\$43,500
City of Las Vegas	2010	Professional services to ensure groundwater protection, oversee project and finalize preliminary design to divert contaminated water in the city sewer system; install a French Drain System; hire a well driller to complete geotechnical borings and soil testing on bored samples	\$48,923
City of Lordsburg	2009	Hire professional contractors for updates to the groundwater monitoring system; create a sampling report and sample GW for laboratory analysis	\$13,940
City of Raton	2017	Engineering costs for well installation; ground water report, sampling/analysis; perform site survey	\$16,817
City of Santa Rosa	2009	Engineering fees for the implementation of final earth work for landfill; soil hauling	\$20,000
City of Santa Rosa	2010	Hire engineer to oversee seeding and other closure costs at landfill	\$79,027
City of Truth or Consequences	2010	Engineering services to design a waste collection center	\$49,755
City of Tucumcari	2013	Professional services for final cover, topographical survey, final closure activities at landfill	\$133,268
City of Tucumcari De Baca County	2018	Installation of a groundwater monitoring well and purchase of groundwater monitoring equipment Professional consulting services to manage groundwater protection; engineering services for a redesign, construction plans and technical specifications;	\$35,000 \$85,900

		engineering services to finalize permit application, and	
		completion of a site survey	
		Professional engineering services for landfill closure;	
De Baca County	2013	construction/installation of final cover/cap and other final	\$230,844
		closure activities; NMGRT	
De Baca County	2017	Purchase of a bladder pump and NMGRT	\$2,987
		Site improvements including the installation of a culvert	,
Estancia Valley SWA	2009	system to remedy erosion and rebuild a retaining wall	\$25,000
•		Engineering services for closure/post-closure planning for	,
	2010	the Town of Vaughn landfill; complete ground controlled	
Estancia Valley SWA		topographic survey and field investigation	\$85,600
		Construction of concrete slabs, masonry infill walls,	
Estancia Valley SWA		retaining wall and sidewalks; purchase and install 8'x32'	\$69,280
	2013	double swing truck gate and posts; purchase of three 40-	
		yd open roll-off containers	
		Site survey; preparation of construction bid; engineering	
Estancia Valley SWA	2014	services; post-construction site survey; GRT	\$11,241
		Professional services and project coordination for permit	
Estancia Valley SWA	2017	application and fees; public hearing fees; NMGRT	\$62,096
		Hire professional contractors to update groundwater	
		monitoring system; complete laboratory analysis of	
	2009	groundwater samples; create a preparation report to	
Hidalgo County		determine AMLs and assessment plan	\$18,750
		Purchase a 53-foot walking floor and open top waste	
Hidalgo County	2009	trailer	\$26,207
		Upgrades to Hondo, Buckhorn and Loma Grande Waste	
Lincoln County SWA	2010	Collection Centers	\$18,250
Luna County	2011	Purchase of one used roll-off truck	\$50,000
		Hire engineering services for project management,	
Rio Arriba County	2013	drawings and specifications of topographic survey and site	\$142,175
		surveyor	
Santa Fe County	2009	Purchase of a five-yard municipal solid waste compactor	\$25,000
a. a	2010	Hire professional services for site preparation, final cover	\$2.47.000
Sierra County	2010	construction, engineering costs; NMGRT	\$245,223
	2011	Purchase of water tanks and accessories at Veguita and	
Socorro County	2011	San Antonio locations; installation of concrete and guard	Φ 5 0. 600
		rail	\$50,699
		Engineering consultant fees for installation of methane	
	2000	monitoring wells and groundwater monitoring wells;	
Southwest SWA	2009	improvements to leachate collection system and permit	\$20.800
Southwest SWA		modifications for a lateral expansion Hiring groundwater scientist for installation of	\$29,800
Southwest SWA	2013	groundwater well, sampling/analysis, documentation;	\$39,000
Southwest SWA	2013	groundwater well, sampling/analysis, documentation; surveying services	\$3 3, 000
Southwest SWA	2014	Purchase modular scale house	\$30,000
Southwest SWA	∠U14	Refurbish Arroyo Hondo Transfer Station retaining wall	\$30,000
Taos County	2010	Returbish Arroyo Hondo Hansler Station retaining Wall	\$50,000
Taos County Taos County	2010	Engineering services for closure plans; completion of	\$50,000
1 aos County	2011	three groundwater monitoring suspension requests	\$19,408
	2011	unce groundwater monitoring suspension requests	φ12, 4 00

monitoring well, methane gas vent wells, documentation of well completion reports, survey of new wells Improvements to collection center, including: waste drop- off ramp, concrete pads, concrete masonry walls, signage and safety rails/gates; purchase of three 40-cubic yard roll- offs Site and infrastructure improvements to asbestos landfill Town of Vaughn Professional services for the design and installation of groundwater monitoring wells Engineering services for groundwater monitoring; installation of four groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Engineering fees for the completion of a closure plan including final cover Valencia County Valencia County 2014 Valencia County 2014 Valencia County 2014 Valencia County 2014 Valencia County 2015 Village of Angel Fire 2009 Purchase of two 30-cubic-yard roll-off containers Construction of scale house with restroom; concrete installation for collection center Engineering services and construction of retaining wall and concrete floor; NMRGT Construction of concrete floor; installation of handrail and village of Eagle Nest 2013 willage of Eagle Nest 2013 Engineering services and construction of handrail and village of Eagle Nest 2013 Say,968 \$49,968 \$49,968 \$49,968 \$49,968 \$49,968 \$30,500 \$30,500 \$30,000 \$30,000 \$30,000 \$30,000 \$200 \$2010 Engineering fees for the design and installation of sallation of a closure plan including final cover \$25,000 \$25,000 \$25,000 \$25,000 \$25,000 \$25,000 \$25,000 \$25,000 \$31,951 \$49,968 \$49	Town of Clayton		Professional services for the installation of groundwater	\$49,500
Town of Vaughn 2011 Improvements to collection center, including: waste drop- off ramp, concrete pads, concrete masonry walls, signage and safety rails/gates; purchase of three 40-cubic yard roll- offs Site and infrastructure improvements to asbestos landfill 2018 Professional services for the design and installation of groundwater monitoring wells 2010 Engineering services for groundwater monitoring; installation of four groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Valencia County 2009 Engineering fees for the completion of a closure plan including final cover Purchase of bladder pumps and equipment; well preparation and pump installation; professional services for well elevation survey and site test Village of Angel Fire 2009 Purchase of two 30-cubic-yard roll-off containers Village of Eagle Nest 2009 Engineering services and construction of retaining wall Village of Eagle nest 2011 and concrete floor; NMRGT \$74,025	,	2012	monitoring well, methane gas vent wells, documentation)
Town of Vaughn 2011 off ramp, concrete pads, concrete masonry walls, signage and safety rails/gates; purchase of three 40-cubic yard roll-offs Site and infrastructure improvements to asbestos landfill 2018 Professional services for the design and installation of groundwater monitoring wells Engineering services for groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Engineering fees for the completion of a closure plan including final cover Valencia County Construction and pump installation; professional services for well elevation survey and site test Village of Angel Fire Valencia County Valencia County Construction of scale house with restroom; concrete installation for collection center Valencia County Valencia County Saveta C		2013		
and safety rails/gates; purchase of three 40-cubic yard roll- offs Site and infrastructure improvements to asbestos landfill Town of Vaughn 2018 Professional services for the design and installation of groundwater monitoring wells Engineering services for groundwater monitoring; installation of four groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Engineering fees for the completion of a closure plan including final cover Valencia County 2019 Valencia County 2014 Valencia County 2014 Valencia County 2014 Valencia County 2015 Purchase of bladder pumps and equipment; well preparation and pump installation; professional services for well elevation survey and site test Village of Angel Fire 2009 Village of Eagle Nest 2010 Engineering services and construction of retaining wall and concrete floor; NMRGT Construction of concrete floor; installation of handrail and		2011		
Town of Vaughn 2018 Site and infrastructure improvements to asbestos landfill \$30,500 Tri-City Landfill 2009 groundwater monitoring wells \$10,260 Engineering services for groundwater monitoring; installation of four groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Engineering fees for the completion of a closure plan including final cover \$25,000 Valencia County 2009 Purchase of bladder pumps and equipment; well preparation and pump installation; professional services for well elevation survey and site test Village of Angel Fire 2009 Purchase of two 30-cubic-yard roll-off containers \$7,900 Construction of scale house with restroom; concrete installation for collection center \$20,143 Engineering services and construction of retaining wall and concrete floor; NMRGT \$74,025	Town of Vaughn	2011		\$49,968
Town of Vaughn 2018 Professional services for the design and installation of groundwater monitoring wells \$10,260 Tri-City Landfill 2009 Engineering services for groundwater monitoring; installation of four groundwater monitoring well; collection of methane samples and professional services for methane monitoring report Engineering fees for the completion of a closure plan including final cover Purchase of bladder pumps and equipment; well preparation and pump installation; professional services for well elevation survey and site test Village of Angel Fire 2009 Purchase of two 30-cubic-yard roll-off containers \$7,900 Village of Eagle Nest 2009 Engineering services and construction of retaining wall and concrete floor; NMRGT \$74,025
