Contractor Reimbursement Instructions New Mexico Environment Department (NMED) Surface Water Quality Bureau (SWQB)

The following instructions are meant to serve as guidance for how to submit a complete reimbursement request for NMED SWQB projects. Your NMED SWQB Project Officer will need all the items requested and adequate documentation to demonstrate how the contract services and deliverables were provided in order to accept the reimbursement request for payment.

Invoices should be submitted as funds are expended in accordance with the terms and conditions of the agreement.

THIS IS A REIMBURSEMENT BASED PROGRAM; THEREFORE, PROOF OF PAYMENT MUST BE PROVIDED.

Reimbursements are based on the costs incurred according to the budget tables in your agreement (budget by deliverables/ tasks). Please refer to your agreement and work plan for any questions about reimbursable items included in your agreement. The language of the agreement prevails if there are any discrepancies between these instructions and the executed agreement.

What should be included in the reimbursement packet:

When the agreement is awarded, you will receive an Excel workbook (titled "Reimbursement Request Packet," see below) that you will use to request reimbursements from NMED SWQB.

The following must be submitted with each reimbursement request:

- 1. **Signed Cover Sheet** Signed PDF of the cover sheet including the correct invoice month and invoice number from the reimbursement request packet
- <u>Task Sheet</u> PDF of the Task sheet with the correct invoice number from the reimbursement request packet
- 3. <u>Mileage Sheet</u> (*if applicable*) PDF of the mileage sheet from the reimbursement request packet and proof of payment (paystub, check, etc.)
- 4. **Per Diem Sheet** (*if applicable*) PDF of the travel/per diem sheet from the reimbursement request packet and proof of payment (paystub, check, etc.)
- 5. **Personnel Sheet** (*if applicable*) PDF of the personnel form from the reimbursement request packet and proof of payment (paystub, check, etc.)
- 6. <u>Supporting Documentation</u> All invoices and/or receipts for equipment, supplies, contractual, other expenses, or gross receipts tax. *Examples of acceptable supporting reimbursement documents can be found in Appendix A.

Please submit the reimbursement request to your assigned NMED SWQB Project Officer. You will coordinate with your Project Officer for all reimbursement requests and all matters related to the project.

Invoices should be submitted monthly for timely processing. If you do not have any expenses during the month, an email should be sent to the Project Officer stating that there are no expenses (explained below).

Your NMED SWQB Project Officer will review the reimbursement request package and upon their acceptance of the services completed and/or goods delivered, the Project Officer will either check the "Invoice Accepted" or "Invoice Rejected" box, sign the cover sheet, and send a copy back to you for your records. If rejected, the Project Officer will request that a corrected invoice with "Amended" checked on the Cover Sheet be submitted.

Reimbursement Request Packet

All contractors are <u>required</u> to use the Reimbursement Request Packet Workbook. It is an Excel file, which includes all the necessary reimbursement forms, except for subcontractor invoices, purchase receipts, and proof of payments which you will provide with each reimbursement request.

The Excel file consists of 7 sheets (2 additional sheets are included if more than 15 invoices are needed for reimbursement).

Expenditures and Match Sheets (orange)	All expenditures and any match are entered into these two sheets. You will keep these documents up to date to ensure accurate budget tracking. These forms are not submitted with the reimbursement request packet.
Cover Sheet and Tasks Sheets (Green)	These forms must be submitted with all invoices. These forms will auto populate from the information entered in the Expenditures and Match sheets. Using the drop-down menu option, the only information that will be entered on these forms (aside from your signature) are the "invoice month" and "invoice number" on the Cover sheet and "invoice number" on Task sheet.
Mileage, Per Diem, and Personnel Time Log (blue)	If requesting a reimbursement for any of these items, these forms must be completed. These forms do not link to the Expenditures and Match sheets and you will need to enter the reimbursement expenses for these items.

Expenditures and Match - Orange Sheets

Expenditures

The Expenditures sheet is where all reimbursement expenses should be entered. All blue and gray cells are locked, and no data can or should be entered into these cells. All invoice 1 expenditures should be entered into the "Inv.1" column, under the correct task number. Once this information is entered, please check the Cover Sheet to ensure that the information you entered aligns with your request. Please make sure to put the funds under the correct tasks and invoice number, so the project officer knows what tasks were worked on over the invoice period.

Each invoice number is associated with a specific month of the contract term (Invoice 1 = January 2025). Please make sure you enter the information in the correct invoice column for the month you are submitting the reimbursement request. Reimbursement requests should be submitted monthly.

If there are no expenses during the month, the contractor should then email the Project Officer and state that there is no reimbursement request that month. No documents need to be submitted when there is no request.

Match

The Match sheet is where all matching funds will be entered. All purple cells are locked, and no data can or should be entered into these cells. All invoice 1 match amounts should be entered into the Inv.1 column. Match will be tracked by overall budget versus by tasks/ deliverables. Once this information is entered, please check the Cover Sheet to ensure that the information you entered aligns with your reimbursement request. Please make sure that the match is entered on the same invoice number as the reimbursement request.

Cover Sheet (Inv. 1-15) (Inv. 16-30) and Tasks (Inv. 1-15) (Inv. 16-30) - Green Sheets

Cover Sheet (Inv. 1-15)

This sheet will be used for Invoices 1-15. This sheet will only work up to invoice 15. For invoice 16 or above use the Cover Sheet (Inv. 16-30) and Tasks (Inv. 16-30).

On the Cover sheet, use the drop-down menu option to enter the Invoice Month and Invoice Number, both are highlighted in green. Check that the current expenditures and current reported match on this page correspond with the invoices you plan to submit. The total "Current Expend." amount, highlighted in yellow, should be the same amount as the total on the expenditure sheet.
