

TELEPHONE BOOK RECYCLING

The NMED Solid Waste Bureau has once again coordinated the placement of a bin for recycling old telephone directories. As before, the collection bin location is in front of the flag poles between the Harold Runnels and Joseph Montoya buildings in Santa Fe, New Mexico and will be there from June 1 through July 26. This is an extra 30 days from previous years. The program is for old phone books (from home or office) only...please do not put anything else in the bin, including other paper, catalogs, booklets, cardboard, etc. Many thanks for supporting this "reduce the landfill" recycling effort. For questions, please contact E. Gifford Stack at phone/email below.
