

STATE OF NEW MEXICO
BEFORE THE WATER QUALITY CONTROL COMMISSION

IN THE MATTER OF PETITION TO AMEND
USE FOR LOWER DRY CIMARRON RIVER AND
TO ESTABLISH WATER QUALITY STANDARDS
FOR LAKES, 20.6.4 NMAC

WQCC 11-05 (R)

NEW MEXICO ENVIRONMENT DEPARTMENT'S
NOTICE OF ERRATA

Please take notice that the New Mexico Environment Department hereby files this Notice of Errata to correct clerical errors associated with its March 19, 2012, filing: "New Mexico Environment Department's Notice of Intent to Present Technical Testimony." A clerical error caused the Environment Department to submit incomplete copies of exhibits 22, 23 and 24 to the Water Quality Control Commission ("Commission"). A copying error resulted in every other page being omitted from the exhibits submitted to the Commission (the two-sided documents were photocopied as single-sided documents). Accordingly, the Environment Department hereby provides complete copies of exhibits 22, 23, and 24, and respectfully requests the Commission to substitute these exhibits for the versions of the same previously filed by the Department.

In addition, the Environment Department wishes to notify the Commission about the following errors found in exhibits 18 and 29, respectively:

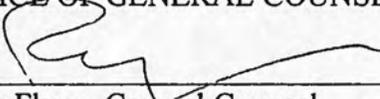

Exhibit 18: Page 5. "Long Canyon of 25.6°C (78.1°F)" should be "Long Canyon of 26.5°C (79.7°F)"; and,

Exhibit 29: A reference listed in the exhibit was corrected as follows: New Mexico Environment Department/Surface Water Quality Bureau (NMED/SWQB). 1992. Intensive Water Quality Stream Surveys and Lake Water Quality Assessment Surveys

1991. Santa Fe, NM. *Fawn (East), Cabresto, Canjilon a and f.* pp. 174, 220, 235.
The previous pinpoint citation incorrectly referred to pages 231 and 232 (instead of 235).

Respectfully submitted,

NEW MEXICO ENVIRONMENT DEPARTMENT
OFFICE OF GENERAL COUNSEL

Ryan Flynn, General Counsel
New Mexico Environment Department
