

Specific conductance (“SC”) of grab samples at select water quality sites in Gila River tributaries.

Water body	Specific conductance* 1	Specific conductance* 2	Specific conductance* 3	Specific conductance* 4
Gila tributaries				
West Fork Gila River (below Hot springs)	204	239	259	204
Middle Fork Gila River (above W. Fork Gila)	105	255	171	247
East. Fork Gila River (above Gila River)	213	221	319	313

*SC measurements are reported in $\mu\text{S}/\text{cm}$; river sampling conducted by SWQB. Results are from four (4) grab samples taken between March and October of 2011.
