NOTICE

Perovich Properties, Inc. dba Taos Gravel Products, is preparing to relocate a 250-ton per hour Asphalt Plant under Air Quality Permit #GCP-3-4509.

Taos Gravel Products expects to submit the relocation application to the NMED Air Quality Bureau on the 1st day April, 2019. This notice is a requirement according to the New Mexico Air Quality regulations. The approximate location of the relocation is Section 11, Range 11E, Township 26N Taos County, New Mexico. We will be relocating from the Taos Airport.

The process for which Taos Gravel Products is seeking relocation is of one Asphalt Plant to produce asphalt products. The estimated maximum emissions for this Asphalt Plant are 23 tons per year of suspended particulate, 95 tons per year of nitrous oxide and 95 tons per year of carbon monoxide. Particulate emissions are from material handling and crushing operations. Hydrocarbon, nitrous oxide and carbon monoxide are products of combustion of two diesel engines that power the asphalt operations.

The maximum and standard operating schedules of this facility will be 7 days per week, 12 hours per day, 50 weeks per year.

The owner and operator of the proposed facilities is Perovich Properties, Inc. dba Taos Gravel Products, PO Box 1620, El Prado, NM 87529.
