PUBLIC NOTICE
Groundwater Discharge Permits Proposed for Approval
August 31, 2021

Dear Interested Party,

The New Mexico Environment Department (NMED) Ground Water Quality Bureau (GWQB) hereby provides notice that the following Groundwater Discharge Permits have been proposed for approval. NMED will allow 30 days after the date of publication of this notice (or as otherwise provided below) for submittal of written comments and/or a request for a public hearing for a permitting action. Requests for public hearing shall be in writing and shall set forth the reasons why a hearing should be held. A hearing will be held if NMED determines that there is substantial public interest. After the administrative record for a permitting action is complete and all required information is available, NMED will approve, approve with conditions, or disapprove the Permit based on the administrative record.

NMED maintains a Public Involvement Plan (PIP) for each permitting action to plan for providing public participation opportunities and information that may be needed for the community to participate in a permitting process. PIPs may be viewed on-line at https://www.env.nm.gov/public-notices-2/, at the NMED field office nearest to the proposed permitted activity, or by contacting the NMED Permit Contact identified below. NMED also maintains facility-specific mailing lists for persons wishing to receive associated notices for a permitting action.

To learn more about a Discharge Permit and the permitting process, to be placed on a facility-specific mailing list, or to obtain a copy of a draft permit or PIP, please contact the NMED Permit Contact at the telephone number or address provided below. Draft permits may be viewed on-line at https://www.env.nm.gov/public-notices-2/. Comments or a request for hearing regarding a draft permit should be addressed to the GWQB, PO Box 5469, Santa Fe, NM 87502-5469, or emailed to the NMED Permit Contact.

If you are a non-English speaker, do not speak English well, or if you have a disability, you may contact the NMED Permit Contact to request assistance, an interpreter, or an auxiliary aid in order to learn more about a Discharge Permit or the permitting process, or to participate in activities associated with the permitting process. To the extent possible, NMED will arrange for requested interpretation services and accommodations or services for persons with disabilities. Telephone conversation assistance is available through Relay New Mexico at no charge for people who are deaf, hard of hearing, or have difficulty speaking.
on the phone, by calling 1-800-659-1779; Spanish: 1-800-327-1857; TTY users: 1-800-659-8331. Telephone interpretation assistance for persons that are a non-English speaker or do not speak English well is available at no charge when calling NMED.

NMED does not discriminate on the basis of race, color, national origin, disability, age or sex in the administration of its programs or activities, as required by applicable laws and regulations. NMED is responsible for coordination of compliance efforts and receipt of inquiries concerning non-discrimination requirements implemented by 40 C.F.R. Parts 5 and 7, including Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, and Section 13 of the Federal Water Pollution Control Act Amendments of 1972. If you have any questions about this notice or any of NMED’s non-discrimination programs, policies or procedures, you may contact: Kathryn Becker, Non-Discrimination Coordinator, New Mexico Environment Department, 1190 St. Francis Dr., Suite N4050, P.O. Box 5469, Santa Fe, NM 87502, (505) 827-2855, nd.coordinator@state.nm.us. If you believe that you have been discriminated against with respect to a NMED program or activity, you may contact the Non-Discrimination Coordinator identified above or visit our website at https://www.env.nm.gov/non-employee-discrimination-complaint-page/ to learn how and where to file a complaint of discrimination.

Sincerely,

Lochlin Farrell
Ground Water Quality Bureau

Enclosure: Groundwater Discharge Permits Proposed for Approval
### Notice: DP-68, Reeves Generating Station: Public Service Company of New Mexico proposes to renew the Discharge Permit for the discharge of up to 9,500 gallons per day of industrial wastewater to a disposal system. Potential contaminants from this type of discharge include inorganic compounds and dissolved solids. The facility is located at 4400 Paseo del Norte NW in Albuquerque, in Section 23, T11N, R03E, Bernalillo County. Groundwater most likely to be affected is at a depth of approximately 130 feet and had a pre-discharge total dissolved solids concentration of 585 milligrams per liter.

### Notice: DP-1206, North I-25 Corridor Reclamation and Reuse System and Bear Canyon Recharge Project: the Albuquerque Bernalillo County Water Utility Authority proposes to renew the Discharge Permit for the discharge of up to 8.861 million gallons per day of industrial wastewater and treated surface water to a reuse system and aquifer recharge project. Potential contaminants from this type of discharge include organic and inorganic compounds. The facility is located at 9200 Jefferson Blvd NE, Albuquerque, and Sections 8, 11, 14, 15, 23, 24, and 25, T11N, R03E; Sections 17, 18, 19, 20, 27, 28, 29, 30, 31, and 33, T11N, R04E; and Section 7, T10N, R04E, Bernalillo County. Groundwater most likely to be affected is at a depth of approximately 150 to 450 feet and had a pre-discharge total dissolved solids concentration of 210 to 707 milligrams per liter.
**Discharge Permit 1308**

**Closest City:** Albuquerque

**County:** Bernalillo

**Facility:** Southside Water Reclamation Plant Reuse System

The Public Involvement Plan may be viewed online at [https://www.env.nm.gov/public-notices-2/](https://www.env.nm.gov/public-notices-2/) or at the NMED office in Albuquerque, 121 Tijeras Ave. NE, Suite 1000, Albuquerque, NM 87102

**Applicant:** Charles S. Leder, PE Manager

Telephone: 505-660-8164

Written comments or requests for a hearing for DP-1308 accepted until 5:00 p.m. MDT, October 1, 2021.

**Notice:** DP-1308, Southside Water Reclamation Plant Reuse System: Albuquerque Bernalillo County Water Utility Authority (ABCWUA) proposes to renew and modify the Discharge Permit for the discharge of up to 7.5 million gallons per day of reclaimed domestic wastewater and discharged to reuse areas. Potential contaminants from this type of discharge include nitrogen compounds. The facility is located at 4201 Second Street SW, Albuquerque, in Sections 07, 18, 19, 21, 22, 27, 28, 30, T9N, R3E, Bernalillo County. Groundwater most likely to be affected is at a depth of approximately 30 feet and had a pre-discharge total dissolved solids concentration of 305 milligrams per liter.

---

**Discharge Permit 1805**

**Closest City:** Tijeras

**County:** Bernalillo

**Facility:** Green Ridge Mutual Domestic Water Consumers Association

The Public Involvement Plan may be viewed online at [https://www.env.nm.gov/public-notices-2/](https://www.env.nm.gov/public-notices-2/) or at the NMED office in Albuquerque, 121 Tijeras Ave. NE, Suite 1000, Albuquerque, NM 87102

Telephone: (505) 660-9662

Written comments or requests for a hearing for DP-1805 accepted until 5:00 p.m. MDT, October 1, 2021.

**Notice:** DP-1805, Green Ridge Mutual Domestic Water Consumers Association proposes to renew the Discharge Permit for the discharge of up to 2,054 gallons per day of reverse osmosis concentrate to a wastewater treatment and disposal system. Potential contaminants from this type of discharge include chloride, metals, and other dissolved solids. The facility is located at 19 Camino Viejo, approximately 9 miles southeast of Tijeras, in Section 23, T9N, R6E, Bernalillo County. Groundwater most likely to be affected is at a depth of approximately 200-515 feet and had a pre-discharge total dissolved solids concentration of 930 milligrams per liter.

**Notice:** DP-163: P7, LLC Dairy proposes to renew the Discharge Permit for the discharge of up to 99,999 gallons per day of wastewater from the production area of a dairy facility. Potential contaminants from this type of discharge include nitrogen compounds. The facility and discharge locations are located at 3852 Hobson Rd., approximately 6.5 miles southeast of Roswell, in Sections 31 and 32, T11S, R25E, Chaves County. Groundwater most likely to be affected is at a depth of approximately 26 feet and had a pre-discharge total dissolved solids concentration of 2,800 milligrams per liter.

**Notice:** DP-689: Orchard Park Dairy proposes to renew and modify the Discharge Permit for the discharge of up to 120,000 gallons per day of wastewater from the production area of a dairy facility. Potential contaminants from this type of discharge include nitrogen compounds. The facility and discharge locations are located at 396 E. Orchard Park Rd., approximately 4 miles north of Dexter, in Section 25, T12S, R25E, Chaves County. Groundwater most likely to be affected is at a depth of approximately 62 feet and had a pre-discharge total dissolved solids concentration of 2,400 milligrams per liter.
