Request for Proposal Number: 22 667 3500 0001

TITLE: TECHNICAL SERVICES SUPPORT FOR EMERGENCY RESPONSE TO HAZARDOUS MATERIAL INCIDENTS

COMMODITY CODES: 92642 – Environmental Services

PURPOSE: The New Mexico Environment Department (NMED), through its Hazardous Waste Bureau (HWB), requests proposals from qualified environmental consulting services to provide technical services support for rapid responses to hazardous material incidents that occur within the State of New Mexico. These include but are not limited to incidents involving the release of any amount of any hazardous material in such quantity that may, with reasonable probability, injure or be detrimental to human health, animal or plant life, or property, or may unreasonably interfere with the public welfare or the use of property. This includes transportation accidents, accidental or unauthorized discharges, and other hazardous material incidents. In addition to recent releases, the discovery of orphan hazardous materials or new evidence of previously unknown discharges such as contaminated soil or ground water may also require a response.

GENERAL INFORMATION: All questions about the contents of the RFP document shall be directed to:
