Environment Department Confirms Lifting of “Boil Water Advisory” for Mora Inn & RV Park in Mora County

Users are No Longer urged to Boil Water Prior to Drinking

SANTA FE – The New Mexico Environment Department’s (NMED) Drinking Water Bureau is confirming that the Mora Inn & RV Park has met the requirements to lift the “boil water advisory” that was issued on October 10, 2017.

Mora Inn & RV Park was required to issue the advisory after bacteriological contamination (*E. coli*) was confirmed in drinking water at the Mora Inn & RV Park. **The advisory only applied to users served by the Mora Inn & RV Park and did not extend to any of the other surrounding water systems or communities.**

The NMED’s Drinking Water Bureau provided compliance oversight and technical support to the Mora Inn & RV Park. Subsequent samples collected from the water system were negative for bacteriological contamination. The Mora Inn & RV Park will be required to complete an assessment of the water system and maintain a regular monitoring schedule to test the distribution system for the presence of total coliform and *E. coli*. For more facts about New Mexico’s Boil Water Advisories in English and Spanish please visit:

https://www.env.nm.gov/drinking_water/boil-water-advisories/ and for more information on today’s announcement please call NMED’s Drinking Water Bureau Public Water System Supervision Manager, Joe Martinez at 505-476-8635.
