**RE: INCORPORATION OF CLASS 1 PERMIT MODIFICATION
WASTE ISOLATION PILOT PLANT
EPA I.D. NUMBER NM4890139088**

Dear: Messrs. Sosson and Dunagan:

The New Mexico Environment Department ("NMED") acknowledges receipt of a Class 1 modification, not requiring prior agency approval, to the Waste Isolation Pilot Plant ("WIPP") Hazardous Waste Facility Permit ("Permit"). On April 21, 2020, the Department of Energy ("DOE") and Nuclear Waste Partnership ("NWP") (collectively the "Permittees") submitted the modification which contained the following two items:

- Item 1: *"Revise List of Resource Conservation and Recovery Act Emergency Coordinators"*
- Item 2: *"Revise Figures to Reflect Property Protection Area Fence Change"*

NMED has reviewed the two-item Class 1 modification, and it has been incorporated into the Permit and is effective as requested by the Permittees under the conditions specified in 20.4.1.900 NMAC (incorporating 40 CFR §270.42(a)(1)). The current Permit can be found on the NMED WIPP Information Page at <https://www.env.nm.gov/hazardous-waste/wipp/>.

Messrs. Sosson and Dunagan
