**RE: KIRTLAND AIR FORCE BASE INDOOR AIR WORK PLAN SCHEDULE,
SEPTEMBER 2011
KIRTLAND AIR FORCE BASE, EPA ID# NM9570024423
HWB-KAFB-MISC**

Dear Col. Hornyak and Mr. Pike:

The New Mexico Environment Department (NMED) has received the *Kirtland Air Force Base (KAFB) Indoor Air Work Plan Schedule, September 2011*, as Attachment 1 to a transmittal letter dated September 16, 2011. The proposed date for the submittal of the work plan to NMED is February 24, 2012. However, during a teleconference on September 22, 2011, KAFB personnel agreed to accelerate submittal of the work plan with the goal of conducting the first indoor air sampling event during January 2012. Thus, the U. S. Air Force (Permittee) shall submit a new schedule for the work plan which states that the collection of the first indoor air quality samples is to be accomplished during January 2012.

As discussed in the aforementioned teleconference, NMED intends to expedite review of the work plan in order to achieve the accelerated work schedule.

Col. Hornyak and Mr. Pike
