RON CURRY
SECRETARY

DERRITH WATCHMAN-MOORE
DEPUTY SECRETARY

November 26, 2003

Dear Concerned Citizen:

Enclosed is the public notice from the New Mexico Environment Department (**NMED**) announcing its intent to approve an agency-initiated modification to the Hazardous Waste Facility Permit for the Waste Isolation Pilot Plant (**WIPP**). This modification would limit waste eligible for disposal at WIPP to the inventory identified when the permit was originally issued. The public notice announces both the availability of the WIPP draft permit for public comment, and a public hearing, if requested, to consider public comment prior to issuance of a final permit incorporating the modification.

All written public comment on the revised draft Permit must be received no later than 5:00 PM January 30, 2004. The public hearing, if held, would begin April 6, 2004 in Santa Fe. Please refer to the public notice for procedures for submittal of written public comment and public participation at the public hearing.

NMED has also developed a fact sheet that sets forth the significant factual, legal, and policy questions considered in developing the draft Permit. This fact sheet is available on the NMED WIPP Information Page at <<http://www.nmenv.state.nm.us/wipp/>>, or may be obtained by writing to Mr. Steve Zappe at the address listed in the letterhead above, or calling Mr. Zappe at (505) 428-2517.

If you have any questions, or if there are any corrections necessary to your address, please contact Mr. Zappe of my staff at (505) 428-2517.

Sincerely,

Original signed by John Kieling
