| 26 | | | | 53/1 | | | |
| 27 | | | | Take the information above in week 53/1 and transfer to the next page and place in the week 1 slot for the 2nd year of operation. | | | |
| 28 | | | | | | | |

\*To obtain the rolling total, take the running total amount for week 52 and add the weekly product total for week 53/1, then subtract the weekly total counterpart from 1-year ago. This is now your rolling total. Continue with this pattern each following week. ***Keep records for at least 2 years.***
